Press release

Fitch Ratings affirms Iccrea Banca at “BBB+”, in line with the sovereign rating.

Rome, November 20th, 2026

Today, the rating agency Fitch affirmed BCC Iccrea Group and Iccrea Banca’s Long-Term Issuer Default Ratings (IDRs) at 'BBB+' and Viability Rating (VR) of the Group at 'bbb'. The outlook is stable.

The Long-Term rating, upgraded on May 12, 2026[1], remains aligned with Italy’s sovereign rating and capped by it.

Fitch highlights that the current rating mainly reflects the Group’s capital strength (one of the highest domestically), the strong funding position supported by a large, stable and granular deposit base, the satisfactory profitability, favored by improving revenue diversification, and the adequate asset quality.

Finally, Fitch adds that the Group’s long-term, credible strategy and good management quality further underpin its credit profile.

The BCC Iccrea Group is the largest Italian cooperative banking group and the 9th in the world in terms of revenues. It is also the only national banking group with entirely Italian capital, the second in terms of number of branches and among the six systemically important banking institutions in Italy. The Group, at the top of the system in terms of capital strength, currently comprises 111 cooperative credit banks, operating in over 1,600 Italian municipalities with over 2,400 branches, and other banking, financial and instrumental companies controlled by BCC Banca Iccrea. The Group is affiliated with Tertio Millennio ETS Foundation, a nonprofit organization established in 2002 within the Cooperative Credit system, dedicated to promoting social solidarity activities in Italy and abroad.
