In the main, the **Group Net Financial Position** generally changes due to variations in the working capital.

Specifically, the Group Net Financial Position has worsened by a total of around Euro 0.8 million compared with the previous month. The negative change which occurred in June can be attributed to an invoicing cycle which did not give rise to major collections of fees during the month and which was not offset by a corresponding reduction in payments out of working capital.

### 2) Debt positions past due, broken down by type (financial, commercial, tax, pension and to employees) and any associated initiatives in response from creditors (reminders, payment orders, suspensions of supply etc.):

Past due **trade payables** of the **Prelios Group** totalled Euro 10.9 million at 30 June 2017 (Euro 9.5 million at 31 May 2017), now reduced to Euro 4.4 million following a payment of Euro 6.5 million made in July.

This situation can be attributed to usual business relations with the suppliers of the Prelios Group.

Past due **trade payables** of **Prelios S.p.A.** totalled Euro 1.9 million at 30 June 2017 (Euro 1.9 million at 31 May 2017), now reduced to Euro 1.3 million following a payment of Euro 0.6 million made in July.

With regard to the positions indicated above, there are no legal disputes or judicial initiatives, nor any suspension initiatives by suppliers. There were payment reminders within the scope of ordinary administrative management.

**However, there were no financial, tax or pension payables past due, nor any to employees.**

### **3) Relationships between the Prelios Group and Prelios S.p.A. and Related Parties:**

Relationships with related parties attributable to subsidiaries of Prelios S.p.A. or joint ventures and affiliates thereof (so-called “Intra-group” relations), concern commercial and financial relationships falling within the scope of ordinary management activities and are governed according to market conditions. There were no atypical and/or unusual transactions.

Please note that the Prelios Group, following the aforementioned extraordinary demerger of the business activities pertaining to real estate investments and joint investments from alternative asset management and real estate services activities, uses the equity method (at going concern values) to evaluate the investee Focus Investments S.p.A (beneficiary of the spin-off), whose contribution is contained in the item “Net income (loss) from investments”.

As previously already reported in detail, following the aforementioned operation and the ensuing change in shareholder and ownership structure, the Company carried out suitable revaluations concerning the scope of parties considered as “related” to the Company, deciding no longer to classify Pirelli & C. S.p.A. (“Pirelli”) as a related party of the Company and confirming that there was no relation with Intesa Sanpaolo S.p.A. (“Intesa”) and UniCredit S.p.A. (“UniCredit”).

However, the Company decided, voluntarily, to adopt *ad hoc* regulations for specific transactions with Intesa, UniCredit and Pirelli (hereinafter also referred to as the “Key Shareholders”), published on the Company website, along with the Procedure for Transactions with Related Parties adopted by Prelios.

Please that the disclosure concerning the relationships with affiliated companies, joint ventures and other companies within the Prelios Group, as well as subsidiaries of Prelios S.p.A., shown below for June 2017 is compared with the data at 31 March 2017 as regards the equity component, and with data at 30 June 2016 for the financial and economic component.
