PRESS RELEASE

Edil San Felice has been awarded a new contract by ASPI worth over 20 million euros for extraordinary maintenance work

Signed a four-year framework agreement

Naples, May 20, 2025. Edil San Felice S.p.A. Società Benefit (“the Company” or “Edil San Felice”) – a leading integrated operator active in the maintenance of critical infrastructure in Italy and listed on the Euronext Growth Milan market – has been awarded a new contract by Autostrade per l’Italia worth €20,591,020.57, of which €5,559,575.55 is allocated to safety costs, for extraordinary maintenance work.

The four-year Framework Agreement provides for the execution of upgrade interventions on the motorway components managed by the Fiano Romano Branch Directorate.

With this contract, the total value of orders acquired by the Company in 2025 rises to over €48 million, €36 million of which relates to extraordinary maintenance work, confirming the strategic importance of this business area for Edil San Felice’s development.

Lorenzo di Palma, CEO of Edil San Felice, commented: *“Despite a generally uncertain macroeconomic climate, Edil San Felice continues its growth path steadily and in line with expectations and the investments made. In these first few months, we have already secured orders worth over €48 million, which allows us to look to the near future with great confidence. In this context, extraordinary maintenance remains a business area of absolute strategic importance for the Company, in which we can boast one of the highest levels of expertise on the national market.”*
