FIRST HALF 2025

The Group recorded a 22.3% increase in direct income in the **life business**, standing at €4,383m, driven by both the bancassurance channel and the agency channel, in addition to the income produced by large-scale collective pension contracts, including newly acquired ones. Even without said contracts, growth stood at 8.4% and the new business figures were in line with the targets set in the *Stronger/Faster/Better* 2025-2027 Strategic Plan.

The **pre-tax result for the life business** amounted to €180m, up on the figure of €137m in the first six months of 2024⁹.

Financial Management

Banking Associates Business

The **pre-tax result of the banking associates business** amounted to €122m and expresses the consolidation of the consolidated results of BPER and BPSO as at 31 March 2025 on a pro rata basis. Solvency

The consolidated **solvency** ratio amounted to 222%⁶ (212% at 31 December 2024). The Insurance Group solvency ratio amounted to 286%⁷.

Business Outlook

FOOTNOTES

- 1 - The amounts at 30 June 2025 reported in this press release, unless otherwise indicated, were calculated on the basis of the financial information of BPER and BPSO for the previous quarter (31 March 2025).
- 2 - Includes the financial effects, for a total amount of €244m (€198m as at 30 June 2024), of the proportional consolidation of the associates BPER and BPSO, estimated in accordance with the financial information updated to 30 June 2025 published by said companies on 6 and 5 August 2025 respectively.
- 3 - The net profit of the Insurance Group is calculated without considering the effects of the proportional consolidation of associates BPER and BPSO. The financial contribution of said associates to the consolidated results therefore corresponds to the dividends for the period only.
- 4 - Increase of 8.4% excluding large-scale collective pension contracts, including newly acquired ones.
- 5 - Ratio that measures the balance of combined non-life technical management. The ratio is calculated as 1 - (insurance services result/insurance contract revenue).
- 6 - Figure calculated on the basis of the partial internal model, to be taken as preliminary since the supervisory authorities will be notified of the definitive figure in accordance with legally required deadlines; the solvency ratio at 30 June 2025 is net of the estimated dividends accrued pro rata temporis based on the 2025 result. This estimate should not be understood to indicate the actual 2025 dividend which will be defined in accordance with the capital management policy of parent company Unipol Assicurazioni S.p.A.
- 7 - The Insurance Group solvency ratio is an administrative database figure where the shareholdings in BPER and BPSO are treated as non-strategic capital investments rather than shareholdings in credit institutions with the consequent proportional consolidation of own funds and capital requirements held in accordance with applicable law as set out under articles 335 and 336 of Delegated Regulation (EU) 2015/35; figure net of the pro rata temporis approved and/or accrued dividends.
- 8 - At Group level, the health business refers to the total premiums of UniSalute along with the health divisions of Unipol Assicurazioni and Arca Assicurazioni.
- 9 - Figure recalculated on a like-for-like basis to facilitate the comparison between accounting sectors in relation to the 2024 corporate restructuring, attributing the financial contribution of the merged entities (Unipol Gruppo, Unipol Finance, Unipol Investment and Unipol Part I) to the non-life and life businesses, which had been attributed to the holding and other businesses at that date.

Unipol Group

It is one of the leading insurance groups in Europe as well as being leader in Italy in the non-life insurance business (especially MV and health), with total premiums of €15.6bn that include €9.2bn in non-life income and €6.4bn in life income (2024 figures). Its approach is to offer an integrated range of insurance products and services mainly through the parent company Unipol Assicurazioni, UniSalute (the leading health insurer in Italy), Linear (direct MV insurance), Arca Vita and Arca Assicurazioni (life and non-life bancassurance through the branches of BPER, Banca Popolare di Sondrio and other banks), SIAT (transport insurance) and DDOR (insurance company operating in Serbia). It also operates in the real estate, hotel (UNA Italian Hospitality), medical-healthcare (Santagostino) and viticultural (Tenute del Cerro) sectors. The ordinary shares of Unipol Assicurazioni S.p.A. have been listed on the Italian Stock Exchange since 1990, and are also on the FTSE MIB® and MIB® ESG indexes
