Generali Group CFO, Cristiano Borean, commented: *"We are very satisfied by the success of our inaugural Restricted Tier 1 bond, which confirms, once again, the Group's solid financial position and the confidence of the institutional investors' community in our 'Lifetime Partner 27: Driving Excellence' strategic plan. The transaction – which is consistent with our proactive approach to managing the Group's bond maturity profile – is aimed at further optimizing our strong capital position. The timing of the issuance has been particularly favourable, also thanks to the recent upgrade of the Generali Group by Fitch to AA- after the upgrade of Italy's sovereign rating to BBB+. The AA- rating reflects Generali's very strong company profile, robust capitalization, low leverage, and solid performance".*
