Shareholders with voting right may be represented by a proxy-holder during Shareholders' Meetings in compliance with the *pro-tempore* provisions of law. Shareholders with voting right are entitled to grant proxy also by electronic means in compliance with the procedures established by law. The proxy may be electronically notified also using the special section of the Company's website or, as an alternative, by certified electronic mail to a special electronic address according to the procedures stated in the notice of call.
2. The Board of Directors, when convening each Shareholders' Meeting, whether ordinary or extraordinary, designates a representative to whom shareholders with voting right may confer, in the manner provided for by the laws and regulations *pro-tempore* in force and specified in the notice of call, a proxy with voting instructions on all or some of the proposals on the agenda. The proxy shall be effective only with regard to the proposals for which voting instructions have been given.

3. The Board of Directors, with the resolution convening each Shareholders' Meeting, whether ordinary or extraordinary, may provide, on a case-by-case basis, by indicating it in the notice of call, that participation and exercise of voting rights at the Shareholders' Meeting by the shareholders must take place exclusively by granting proxy (or sub-delegation) with voting instructions on all or some of the proposals on the agenda, to the representative designated by the Bank referred to in the preceding paragraph, in the manner and in accordance with the provisions of the notice of call in compliance with the laws and regulations *pro-tempore* in force.

7. In order to calculate the majority and the percentage of capital required for approval of the resolution, shares for which the voting right cannot be exercised or shares for which the voting right has not been exercised following the declaration of abstention by the party with voting rights due to conflict of interests are not calculated.

8. If during an Ordinary Shareholders' Meeting a bank foundation – according to the findings of the Chairman of the Shareholders' Meeting during the course of the meeting and immediately before each voting - is able to vote, on the basis of the shares held by the parties in attendance, by majority of the shares present and entitled to vote, the Chairman takes due note of this situation and debars the bank foundation from voting with respect to the resolution concerning said situation, limited to a number of shares representing the difference plus one share between the number of ordinary shares held by said foundation and the overall amount of ordinary shares held by the remaining parties who are present and entitled to vote when the voting takes place.
9. Subject to the provisions of the previous paragraphs, the Ordinary or Extraordinary Shareholders' Meeting passes resolutions, with the favourable vote of the majority of the voting non-related shareholders, when it is called to resolve upon proposals concerning:
- a) transactions as per art. 13, paragraph 3, letter i) of these By-Laws,
- or
- b) major transactions with related parties falling within the competence of the shareholders' meeting submitted to the Shareholders' Meeting should the Committee on Related-Party Transactions issue an adverse opinion.

CHAPTER V

(Board of Directors)

Article 15

1. The Board of Directors is composed of a number of members established by the Ordinary Shareholders' Meeting which cannot be less than nine (9) or more than fifteen (15). Subject to removal from office, no BMPS director shall be entitled, at the same time, to hold the office of director or of member of the council of management or the supervisory board of competitor banks, which do not belong to the BMPS Group, have a banking license issued by the supervisory authority and operate in the markets of bank funding or ordinary credit in Italy. In the event that a BMPS director accepts to hold one of the above-mentioned offices, he/she must promptly notify the BMPS Board of Directors which will declare his/her prompt removal from office. Directors' term of office is three years and expires on the day of the shareholders' meeting called to approve the financial statements of the most recent financial year of their term. Directors may be re-appointed and are elected according to the list voting system, as follows.
2. The Board of Directors is appointed on the basis of lists submitted by the shareholders or by the outgoing Board of Directors in accordance with the following paragraphs. The candidates - to be

indicated possibly in a higher number than those to be elected, in order to have possible candidates to be selected in the event of co-optation during the term of office, and in any case in the number provided for by current legislation in the case of a list submitted by the outgoing Board of Directors - are listed by consecutive number. Each list must contain and specifically indicate at least two candidates - or the only candidate or at least a third (or the higher percentage provided for by the laws, regulations and the Corporate Governance Code *pro-tempore* in force) of the present candidates in case of lists where there are more than six (6) candidates - who meet the independence requirements established by provisions of laws and regulatory *pro-tempore* in force and the further independence requirements established by the Corporate Governance Code. In the event that the mentioned quota of one-third (or the higher percentage provided for by the laws, regulations and the Corporate Governance Code *pro-tempore* in force) does not correspond to a whole number of candidates, this number shall be rounded up.

3. Lists must include candidates of both gender in compliance with *pro-tempore* applicable legislation regarding gender balance. The lists submitted by the shareholders must be filed at the Company's registered office at least twenty-five days, and any list submitted by the outgoing Board of Directors at least forty days, prior to the date set for the Shareholders' Meeting. The lists submitted are published in accordance with *pro-tempore* applicable regulations.
4. Each shareholder may submit or contribute to the submission of one list only, in compliance with the provisions of the ninth paragraph of this article, and each candidate may stand for election in one list only, under penalty of ineligibility.
5. Only shareholders that, either individually or together with other shareholders, collectively hold shares representing at least 1 (one) % of the Company's share capital with voting rights at the Ordinary Shareholders' Meeting or a different percentage required by applicable regulations are entitled to submit lists. In order to prove ownership of the number of shares required for submission of lists, shareholders who submitted the lists must submit and/or send the documentation proving ownership of the minimum shareholding required to submit lists to the Company's registered office, when filing the lists or at a later date but within the term provided for the publication of the lists. Ownership is determined by taking into account the shares registered to the shareholder on the date on which the lists are filed.

The outgoing Board of Directors shall also have the right to submit its own list of candidates, acting with the majorities required by law, in compliance with the procedures and obligations provided for by law.

6. Each list shall be filed at the Company's registered office, within the deadline for their filing, together with the documents specified in the notice calling the meeting, including: (i) declarations by the candidates in which they accept their candidacy and certify, under their own responsibility,

that there are no reasons for ineligibility and incompatibility, as well as the fact that they meet the requirements and compliance with the suitability criteria prescribed for the office as laid down by *pro-tempore* law and regulations in force and by the By-Laws; (ii) declarations by the candidates indicated as independent in the list certifying that they meet the independence requirements pursuant to foregoing para. 2; (iii) the curricula vitae showing the personal and professional characteristics of each candidate, indicating the management and control positions held in other companies and (iv) any other declaration that may be required by the legislation, including regulations, *pro-tempore* in force. In particular, the candidates must declare that they do not hold the office of director or of member of the Council of management or the supervisory board of competitor banks, which do not belong to the BMPS Group, have a banking license issued by the supervisory authority and operate in the markets of bank funding or ordinary credit in Italy. Lists submitted that do not comply with the statutory provisions cannot be voted. The lack of documentation relating to an individual candidate on a list does not automatically result in the exclusion of the entire list, but of the candidate concerned.

7. Each shareholder entitled to vote may vote only one list. The Board of Directors is elected - without prejudice to any further obligations and restrictions provided for by current legislation in the event of participation in the vote on a list presented by the outgoing Board of Directors, including individual voting on each candidate by the Shareholders' Meeting as a whole, including shareholders who did not vote for the list submitted by the outgoing Board of Directors, having cast their vote for a list other than the latter or having abstained or not participated in the vote in any case - as follows:

7.1 The votes obtained by each list are divided subsequently by one, two, three, four and so on up to the number of directors to be elected. The quotients obtained are assigned to the candidates of each list according to order of progressive listing. Based on the quotients assigned the candidates are listed in a single decreasing order, and the first candidates up to the number of members to be elected are considered elected, provided that the list with the highest number of votes must in any case provide a number of Directors not less than half plus one, or the smallest number of Directors that exhausts all the candidates indicated on that list, of the total number of those to be elected, with the consequent obligation to scroll through the ranking, if this limit is not respected. In any case, at least two (2) Directors must be drawn from the minority list or lists.

7.2 If the list submitted by the outgoing Board of Directors obtains the majority of votes, as many directors as necessary will be drawn from such list, in accordance with the procedures provided for by current legislation, so that from the other lists that have obtained fewer votes, a number of directors shall be drawn on the total number of members of the Board of Directors to be elected in accordance with the criteria set forth below, without prejudice for the limit of half

minus 1 (one) of the directors to be elected:

i) if the total votes obtained by the other lists – not higher than two in order of votes obtained at the Shareholders' Meeting – do not exceed 20 (twenty) % of the total votes cast, such lists will have the right to appoint members of the board of directors in proportion to the votes obtained by each list and for an amount not lower than 20 (twenty) % of the total components of such body;

ii) if the total votes obtained by the other lists at the Shareholders' Meeting, in a number not higher than two, exceeds 20 (twenty) % of the total votes cast, the components of the new board of directors to be appointed by the minorities shall be assigned in proportion to the votes obtained by the minority lists which obtained a percentage of vote not lower than 3 (three) %. With the aim of calculating the assignment of the directors in accordance with the above criteria, the votes of the lists which obtained less than 3 (three) % will be proportionally allocated to the minority lists which exceeded such threshold.

7.3 When applying the quotient method referred to in point 7.1 and point 7.2 above, if several candidates have obtained the same quotient, the candidate of the list that has not yet elected a director or that has elected the lowest number of directors shall be elected.

If none of these lists has elected a director or if all of them have elected the same number of directors, the candidate of the list that has obtained the highest number of votes shall be appointed among these lists. In the event of equal number of votes and quotients, the entire Ordinary Shareholders' Meeting shall hold a new voting and elect the candidate obtaining the simple majority of the votes.

However, also notwithstanding the foregoing provisions, at least one director must be drawn from the minority list which has obtained the highest number of votes and is in no way linked, either directly or indirectly, with the parties that submitted or voted the list ranking first by number of votes.

7.4 If, as a result of the voting, at least one third (or the higher percentage provided for by the laws, regulations and the Corporate Governance Code *pro-tempore* in force) of the directors that meet the independence requirements provided for by previous paragraph 2 have not been appointed, the required number of last non-independent directors shall be replaced with independent candidates - drawn from the same lists of the replaced candidates - who have obtained the highest quotient.

The candidate replaced for the purpose of allowing the appointment of the minimum number of independent directors shall in no case be drawn from the minority list which obtained the majority of votes and no way be linked, directly or indirectly, with the parties that submitted

or voted the list which obtained the majority of votes. In this case, the non-independent candidate which ranked last but one by quotient achieved shall be replaced.

7.5 In addition, if application of the foregoing procedures does not ensure compliance with *pro-tempore* current regulations on gender balance, the quotient of votes to be assigned to each candidate from the lists shall be calculated by dividing the number of votes obtained by each list by the progressive number of listing of each candidate. The candidate of the most represented gender with the lowest quotient among the candidates taken from all the lists is replaced by the candidate of the least represented gender who has obtained the highest quotient in the same list as the replaced candidate. If candidates from different lists have obtained the same quotient, the candidate of the list with the highest number of directors, or the candidate from the list with the lowest number of votes or, at a parity of votes, the candidate obtaining the lowest number of votes from the Shareholders' Meeting during a specific voting, shall be replaced.

7.6 In the event of application of the above procedures, should the number of Directors necessary to comply with the minimum number of independent Directors and of Directors of the least represented gender not be appointed due to an insufficient number of independent directors or of the least represented gender, the Shareholders' Meeting shall appoint the missing Directors by resolution approved by simple majority on the basis of the candidatures proposed, there and then, primarily by the parties that submitted the list of the candidate or candidates to be replaced.

8. With respect to the appointment of the Directors who were not appointed for any reason whatsoever in compliance with the procedure provided for herein, the Shareholders' Meeting shall resolve pursuant to and with the majorities provided for by law, without prejudice to the criteria envisaged by *pro-tempore* legislation in force and by the By-Laws with regard to independent directors and gender balance.

9. The members of the Board of Directors must be suitable for the performance of their duties and, to this end, must meet the requirements and comply with the criteria of suitability and with the limits on the number of offices as well as devote the time necessary for the effective performance of their duties as provided by the - national and supranational - laws and regulations *pro-tempore* in force.

10. In order to replace any Directors terminating their office during their term, the provisions of law shall apply, in accordance with the criteria envisaged by legislation *pro-tempore* in force and by the By-Laws with regard to independent directors and gender balance. If the majority of Directors terminates office, the whole Board of Directors shall be deemed to have resigned, with effect from the date it is re-established. Directors may be revoked by the Shareholders' Meeting at any time,

subject to the Director's right to compensation for damages, if his/her revocation is without just cause.

In the event of co-optation pursuant to Article 2386 of the Italian Civil Code, without prejudice to compliance with the criteria on independent directors and gender balance, set forth by *pro-tempore* legislation in force and the By-Laws, the Board of Directors proceeds to select the co-opted person:

- (a) freely choosing the most suitable candidate, in relation to the knowledge, skills and experience deemed necessary by the Board of Directors, as at the date of co-optation in the event that the replacement regards a Director elected from the list from which the majority of directors were drawn;
- (b) choosing the first candidate among those not elected or, if this is impossible for any reason whatsoever, proceeding to scroll through those not elected, in the case of the replacement of Directors elected from a list that has expressed a minority of the directors;
- (c) where there are no candidates available on the minority list that nominated the outgoing director, selecting them from any other minority lists submitted at the time, again following the same rolling criterion;
- (d) where the criterion referred to in point (c) above is not applicable, the Board of Directors may select the co-opted person - having the knowledge, skills and experience deemed necessary by the Board of Directors at the time of co-optation - from outside the lists submitted at the time, in compliance with the criteria envisaged by the *pro-tempore* legislation in force and by the By-Laws with regard to independent directors and gender balance.

CHAPTER X

Board of Statutory Auditors

Article 25

1. The Board of Statutory Auditors is composed of three Statutory Auditors and two Alternate Auditors. This body supervises compliance with the law, regulations and By-laws, proper administration, and the adequacy of the organizational and accounting structures of the Company.
2. Statutory Auditors remain in office for three financial years and their term expires on the date of the Shareholders' Meeting called to approve the financial statements of the most recent financial year of their term; they may be re-elected.
3. The members of the Board of Statutory Auditors are appointed on the basis of lists submitted by the Shareholders, in compliance with the following paragraphs. The lists are divided into two sections: one for the appointment of the Statutory Auditors and one for the appointment of the Alternate Auditors. The candidates must be listed by progressive number and their number must not exceed the number of members to be elected. The lists with a number of candidates equal to or above three must include candidates of different gender in the first two places of the list under the section of the candidates for the office of Statutory Auditors, as provided for in the notice of call of the Shareholders' Meeting, in compliance with regulation, including regulatory, *pro-tempore* in force on gender balance. If the section of the alternate Auditors of the above lists has two candidates, they must be of different gender.
4. Without prejudice to any different deadlines established by law, the lists submitted by the shareholders must be filed at the Company's registered office at least twenty-five days prior to the date set for the Shareholders' Meeting and published in accordance with *pro-tempore* applicable regulations.
5. Each shareholder may submit or contribute to the submission of one list only, in compliance with the provisions of paragraph 11 of this article. Each candidate may stand for election in one list only, under penalty of ineligibility.
6. Without prejudice to any different percentage established by law, only shareholders that, either individually or together with other shareholders, collectively hold shares representing at least

1% of the Company's share capital with voting rights at the Ordinary Shareholders' Meeting, or a different percentage required by applicable regulations are entitled to submit lists.

7. Each list shall be filed at the Company's registered office, within the deadline for their filing, together with the documents specified in the notice calling the meeting, including (i) information concerning the identity of the shareholders who submitted the lists, indicating the total shareholding percentage, in addition to the certificates proving ownership of the shareholding; this right shall be determined taking into account the shares registered to the shareholder on the date on which the lists are filed; (ii) declarations by the candidates in which they accept their candidacy and certify, under their own responsibility, that there are no reasons for ineligibility and incompatibility, including the limits on the number of offices that may hold as per the following para. 11, as well as the fact that they meet the requirements and the suitability criteria prescribed for the office which may be laid down by *pro-tempore* applicable law and regulations and By-Laws; (iii) the curricula vitae showing the personal and professional characteristics of each candidate, indicating the management and control positions held in other companies and (iv) any other declaration that may be required by law, including regulations, *pro-tempore* in force. In addition, in the case of submission of a list by shareholders other than those holding, also jointly, a controlling interest or a relative majority share, the list must also be provided with a statement of the shareholders submitting it, proving that there are no connections, as defined by *pro-tempore* applicable laws and regulations, with the shareholders holding, also jointly, a controlling interest or relative majority share. Lists submitted that do not comply with the statutory provisions cannot be voted. The lack of documentation relating to an individual candidate on a list does not automatically result in the exclusion of the entire list, but of the candidate concerned. The documentation proving ownership of the minimum shareholding required to submit lists may be produced after the filing of the lists but within the term provided for the publication of the lists.

If, upon the deadline scheduled for the filing of the list, only one list, or only the lists submitted by shareholders who - according to laws and regulations *pro-tempore* in force – are connected with one another, has/have been filed, other lists may be submitted until the subsequent deadline provided for by regulations *pro-tempore* in force. In this case, the percentages for the submission of the lists as provided for by the foregoing paragraph 6 are reduced by half.

8. Each shareholder entitled to vote may vote only one list. The members of the Board of Statutory Auditors are appointed as follows:
- a) the first two candidates of the list which has obtained the majority of votes and the first candidate of the list ranking second by number of votes which is not related, directly or indirectly, pursuant to *pro-tempore* applicable laws and regulations, to the parties who

submitted or voted the list ranking first by number of votes shall be elected as Statutory Auditors;

- b) the first candidate of the list which has obtained the majority of votes and the first candidate - or the second candidate if the first is of the same gender as the first candidate of the list which has obtained the highest number of votes - of the list ranking second by number of votes which is not related, directly or indirectly, pursuant to *pro-tempore* applicable laws and regulations, to the parties who submitted or voted the list ranking first by number of votes shall be elected as Alternate Auditors;
- c) in the case of parity of votes between the first two or more lists, the Shareholders' Meeting shall hold a new voting, voting only the lists with equal votes. The same rule shall apply in the case of parity between the lists ranking second by number of votes which are not related, directly or indirectly, pursuant to *pro-tempore* applicable laws and regulations, to the parties who submitted or voted the list ranking first by number of votes;
- d) if an elected candidate cannot accept the appointment, the first non-elected candidate in the list of the candidate who did not accept shall be appointed;
- e) the Statutory Auditor taken from the list ranking second by number of votes which is not related, directly or indirectly, pursuant to *pro-tempore* applicable laws and regulations, to the shareholders who submitted or voted the list ranking first by number of votes shall be elected Chairman, provided that he/she possesses the specific professional requirements required by the *pro-tempore* laws and regulations in force.

In the event only one list has been submitted: (i) the Shareholders' Meeting shall vote on such list; (ii) if the list obtains the majority required by law for an ordinary shareholders' meeting, subject to compliance with the gender balance principle provided for by *pro-tempore* applicable legislation, the candidates indicated in progressive order in the section relating Statutory Auditors shall be elected as Statutory Auditors and the candidates indicated in progressive order in the section relating to the Alternate Auditors shall be elected as Alternate Auditors; and (iii) the Chair of the Board of Statutory Auditors shall be held by the person indicated in first place in the section relating to candidates for the office of Statutory Auditor on the single list submitted, provided that such person meets the specific professional requirements required by the *pro-tempore* laws and regulations in force.

In the event of death, resignation or termination of the Chairman of the Board of Statutory Auditors, the alternate Auditor taken from the list ranking second by number

of votes which is not related, directly or indirectly, pursuant to *pro-tempore* applicable laws and regulations, to the parties who submitted or voted the list ranking first by number of votes shall hold the office of Chairman, until the Board of Auditors is integrated in compliance with Article 2401 of the Italian Civil Code. In the event of death, resignation or termination of a Statutory Auditor, he/she shall be replaced by an alternate belonging to the same list as the Auditor being replaced. Based upon the above appointment criteria for the Alternate Auditors, in the event that gender balance is not complied with, the Alternate Auditor of the least represented gender shall take office regardless of whether he/she is included in the same list as the Auditor being replaced.

- f) In order to appoint Auditors who have not been appointed for any reason whatsoever according to the above-mentioned process, the Shareholders' Meeting resolves by the majority provided for by law, without prejudice to the principle of necessary representation of minority shareholders and the principle of gender balance provided for by *pro-tempore* legislation in force, without prejudice that if only one list has been submitted and the number of candidates elected is less than the number established by the By- Laws, the chairmanship of the Board of Statutory Auditors shall be held by the person indicated in first place in the section of candidates for the office of Standing Auditor in the single list submitted, provided that he/she possesses the specific professional requirements required by the *pro-tempore* laws and regulations in force.

The appointment of Statutory Auditors for the purpose of completing the Board pursuant to Article 2401 of the Italian Civil Code is resolved upon by the Shareholders' Meeting by relative majority. However, it is understood that the principle of necessary representation of minority shareholders shall be complied with and the principle of gender balance provided for by *pro-tempore* legislation in force.
