B. Share transfer restrictions (pursuant to Article 123-bis, paragraph 1, letter b), CFA)

Pursuant to Article 7.2 of the By-Laws, SECO's shares are freely transferable. The issue and circulation of shares is regulated by current legislation.

At the Reporting Date there are no restrictions on share transfers.

As a matter of providing complete information, the SECO Shareholder Agreement (as defined in paragraph 2.G below) prohibits the transfer of shares granted in the SECO Shareholder Agreement which stipulates that, for the entire term of the SECO Shareholder Agreement, no party to the Agreement may transfer any syndicated shares. The non-transferability restriction shall not apply if the transfer is carried out: (i) within the scope of the parties to the SECO Shareholder Agreement; and/or (ii) in favor of a company where one or more parties hold at least 80% of the share capital, provided that said party signs the same SECO Shareholder Agreement and formally undertakes to do so before the transfer becomes effective.

The SECO Shareholder Agreement also contains provisions relating to (i) purchases of SECO shares and (ii) remedies in the event of a takeover bid. Specifically, as regards (i) parties to the Shareholder Agreement have acknowledged that any incremental

purchases made by each party to the Shareholder Agreement, or other transactions that would lead to an increase in the shareholding and/or voting rights of parties to the Shareholder Agreement in the Company's capital represented by shares and securities granting voting rights that would exceed a total of 30% of the Company's share capital, or the different threshold(s) established by the applicable legislation ("**Relevant Threshold**"), shall obligate the parties to the Shareholder Agreement jointly to issue a mandatory public tender offer ("**PTO**") for all the remaining Company shares, pursuant to Articles 106 and 109 of the CFA. Parties to the Shareholder Agreement therefore undertake to inform each other in advance of any purchases of SECO shares that each party intends to make, and which would lead to an increase in their respective shareholding and/or voting rights in the Company. To this end, account must also be taken of the voting rights to which the parties to the Shareholder Agreement are entitled under the provisions of the Issuer's By-Laws regulating increased voting rights. As regards point (ii), furthermore, parties to the Shareholder Agreement undertake not to carry out transactions that entail or may entail the obligation to issue a mandatory (including residual) PTO on the Company's shares, pursuant to applicable legislation. Therefore, each party to the Shareholder Agreement undertakes, with regards to others, to ensure that any increase in their respective shareholdings shall take place in compliance with CFA and any other applicable legal provision, or regulation or by-law regulating the obligation to issue a PTO and, therefore, in a manner and time frame that excludes the application of such an obligation. In the event that one or all of the parties to the Shareholder Agreement should exceed a threshold governing the obligation to launch a full PTO pursuant to Articles 106 and 109 of the CFA, where the threshold is exceeded as a consequence of a voluntary purchase made by a party to the Shareholder Agreement which leads to the obligation to make a public offer, the party to the Shareholder Agreement that contributes to the launch of a PTO (either on its own or through subsidiaries or in concert with others pursuant to Article 93 CFA) shall be obligated: (a) to promptly sell a number of shares to reduce the total number held to a level below the relevant thresholds, or to reduce the related excess voting rights, and in all cases, not to exercise the same rights pursuant to Article 49, paragraph 1, letter e), of Issuers' Regulation; and (b) to hold the other parties to the Shareholder Agreement harmless and indemnified from any obligation, charges and/or costs arising from, or in any case connected to, the launch and execution of the aforementioned mandatory PTO. With regard to the aforementioned SECO Shareholder Agreement, reference should be made to the relevant essential information published on the Issuer's website www.seco.com/it, in the *Corporate Governance/Documents and Procedures/Documents* section.

It should also be noted that as part of the investment in SECO's share capital, 7-Industries has made a commitment to the Company not to dispose of SECO shares, whether subscribed or purchased, in the 24 months following the date of the closing of the first tranche of the capital increase (i.e., April 6th, 2023), and therefore the same commitment has accordingly expired during the Year (i.e., on April 6th, 2025). For information regarding the right of first offer and right of first refusal contained in the Shareholder Agreements (as defined below), please refer to Section 2.G below.

C. Significant share holdings (pursuant to Article 123-bis, paragraph 1, letter c), CFA)

("**HSE**") and Fondo Italiano d'Investimento SGR S.p.A. on behalf of "Fondo Italiano Tecnologia e Crescita - FITEC" ("**FII**") (jointly, the "**Parties**"), and provides for a voting syndicate, prior consultation commitments and limits on the transfer of syndicated shares.

In this regard, it should be noted that the SECO Shareholder Agreement was entered into by the Parties in order to renew the commitments undertaken in the agreement concerning similar shareholders' agreements relating to the Issuer signed on March 26th, 2021 ("**Listing Agreement**"), effective as of the Trading Commencement Date, the effects of which ceased, due to natural expiration, during the Year, and precisely on the same date on which the Seco Shareholders' Agreement was signed.

Specifically, (i) DSA pledged 16,900,000 shares with increased voting rights as part of the Agreement; (ii) HSE pledged 16,900,000 shares with increased voting rights as part of the Agreement and (iii) FII pledged 5,942,357 shares with increased voting rights as part of the Agreement.

It should also be noted that DSA's share capital is entirely held by the Chairperson of the Board of Directors, Daniele Conti, while HSE's share capital is entirely held by the Issuer's shareholder Luciano Secciani (see paragraph 2, letter C).

The Issuer is also aware that the share purchase and sale agreement entered into on April 2nd, 2023 by 7-Industries, as investor, and DSA, HSE and HCS S.r.l. ("**HCS**", and jointly with DSA and HSE, the "**Selling Shareholders**"), contains certain covenants of a shareholder agreement nature (the "**Shareholder Agreements**").

The Shareholder Agreements still provide in favor of 7-Industries a right of first offer, should a Selling Shareholder intend to transfer all or part of its ordinary shares held in SECO to a third-party buyer.

For further information on the SECO Shareholder Agreement, the Listing Agreement and the aforementioned external Shareholder Agreements, please see related key information published on the Issuer's website at www.seco.com/it, in the "Corporate Governance/Documents and Procedures/Documents" section.

This loan agreement also contains change of control clauses, whereby the occurrence of an event resulting in a change in the shareholding structure with regard to the shareholders specifically mentioned in the agreement shall constitute the possible basis for compulsory anticipated payment of the loan;
- (ii) on September 30th, 2024, SECO entered into a medium- to long-term loan agreement with Banco BPM S.p.A. in the total maximum amount of Euro 2,900,000.00, for a term of 10 years. This loan agreement also contains change of control clauses, whereby the occurrence of an event resulting in a change in the shareholding structure with regard to the reference shareholders shall constitute the possible basis for compulsory anticipated payment of the loan;
- (iii) on October 1st, 2024, SECO entered into a medium- to long-term loan agreement with Banca Nazionale del Lavoro S.p.A. in the total maximum amount of Euro 2,400,000.00, for a term of 10 years. This loan agreement also contains change of control clauses, whereby the occurrence of an event that causes Issuer's current controlling shareholders to reduce their stake in Issuer's share capital below a relative majority of Company's Shares shall constitute grounds for the bank to terminate the agreement.

The Board of Directors has adopted the CG Code.

The CG Code is available for public consultation on Borsa Italiana's website at the following address <https://www.borsaitaliana.it/comitato-corporate-governance/codice/2020.pdf>.

Some strategically important Issuer subsidiaries are subject to foreign legal provisions which do not, however, affect the Company's corporate governance structure.

4. BOARD OF DIRECTORS

4.1 ROLE OF THE BOARD OF DIRECTORS

The Board of Directors has a central role in operating activities and oversees various functions. It is responsible for organizational and strategic guidelines and verifying the existence of necessary controls to monitor Issuer and Group companies performance.

The Board of Directors shall have the widest powers of Company administration, without exception, and may carry out any and all acts deemed appropriate in satisfying corporate purposes, with the sole exclusion of those attributed by law to the Shareholders' Meeting.

Pursuant to Article 19 of the By-Laws, the Board of Directors has the power, subject to compliance with Article 2436 of the Civil Code, to resolve on: (a) mergers and demergers, in cases provided for by law; (b) the establishment or closure of secondary offices; (c) the designation of Directors to represent the Company; (d) the reduction of the share capital in the event of withdrawal of one or more shareholders; (e) the adaptation of the By-Laws to regulatory provisions; (f) the transfer of the registered office to another premises in Italy. The allocation of these powers to the Board of Directors does not exclude the concurrent competence of the Shareholders' Meeting on such matters.

The Board of Directors guides the Company by pursuing lasting success and, in accordance with the provisions of the CG Code, carries out the following activities:

(a) defines strategic guidelines, examines and approves Company and Group multi-year business plans, including based on analysis related to long-term value creation.

(b) periodically monitors implementation of the business plan, and assesses general operating performance, periodically comparing the results achieved with those planned;

(c) defines nature and level of risk compatible with Company strategic objectives, including in its assessments of all elements considered significant with regard to long-lasting Company success;

(d) defines the Company's corporate governance system and Group structure, by evaluating the adequacy of the Company's organizational, administration and accounting system and that of its strategically significant subsidiaries, with particular reference to the Internal Control and Risk Management System (see Section 9);

(e) resolves on transactions carried out by the Company and its subsidiaries when these have a significant impact on the Company's strategy, profitability, assets, liabilities or financial position. The Board of Directors has not established any general criteria for

identifying transactions that have a significant impact on the Company's strategy, profitability, assets, liabilities or financial position, as it deems it more appropriate to assess the significance of the transactions carried out on a case-by-case basis;

(f) upon proposal by the Chairperson in conjunction with the Chief Executive Officer, adopts a procedure for internal management and external communication of documents and information relating to the Company, with particular regard to inside information (see Section 5).

The Board of Directors meeting of March 16th, 2026 assessed the adequacy of the organizational, administrative and accounting structure of the Issuer prepared by the Chief Executive Officers, with particular regard to the Internal Control and Risk Management System.

During the 2026, the Issuer will reserve the right to assess criteria for identifying subsidiaries of strategic importance.

During the Year, the Board of Directors has not deemed it necessary to formulate specific proposals to the Shareholders' Meeting during the course of the year for the definition of a corporate governance system that is even more functional to the Company's needs.

As of the Reporting Date, the Board of Directors adopted the shareholder communication policy.

For information on: (i) composition, functioning, appointment and self-assessment of the Board of Directors, reference should be made to Sections 4.2, 4.3 and 4.4 of the Report; (ii) the Internal Control and Risk Management System, reference should be made to Section 9 of the Report.

4.2 APPOINTMENT AND REPLACEMENT (PURSUANT TO ARTICLE 123-BIS, PARAGRAPH 1, LETTER L), CFA)

In accordance with By-Laws Article 15, the Company is administered by a Board of Directors comprising a minimum of 5 (five) and a maximum of 11 (eleven) members.

Directors remain in office for 3 (three) years and may be re-elected. The Directors' mandates expire on the date of the Shareholders' Meeting called to approve the financial statements relating to their third year of office. Directors need not be shareholders.

Pursuant to By-Laws Article 16, Directors are appointed by the Shareholders' Meeting on the basis of candidates' lists submitted by shareholders or the Board of Directors and filed at the Company's registered office, within the terms of, and in compliance with, applicable laws and regulations.

Those shareholders who, individually or jointly with others, and at the time of submitting the list, hold shares with voting rights representing a percentage that is no lower than the one set for the Company under applicable laws and regulations, are entitled to submit lists. The call notice for the Shareholders' Meeting to appoint members of the Board of Directors specifies the shareholding required for the presentation of candidates' lists.

In this regard, as at Reporting Date, Consob has set the shareholding required for the right of the shareholders' to submit lists for the election of the Company's Board of Statutory Auditors at 2.50% of the share capital (see Executive Determination No. 155 of the Head of Issuers Supervision Division of January 27th, 2026).

Each shareholder, shareholders engaged in a shareholder agreement pursuant to Article 122 of CFA, the parent company, subsidiaries and those subject to joint control and any other party among which there is a connection, even indirectly, pursuant to applicable law and regulations, may not submit or take part in the submission of more than one list, or vote for different lists, either directly or through a nominee or trust company.

Each candidate may run on one list only, on penalty of ineligibility.

Candidates must be listed in sequential order and in compliance with applicable regulations concerning Directors meeting independence and gender balance requirements.

To ensure gender balance, each list featuring a number of candidates equal to or higher than 3 (three) must also include candidates belonging to both genders (male and female), so at least the portion of the members of the Board of Directors set out by Article 147-ter, paragraph 1-ter of the CFA, and by other applicable provisions, belongs to the under-represented gender, rounded off in case of a fractional number, according to the criterion set out by said provisions.

The slates shall be accompanied by: (a) information concerning the identity of the shareholders submitting the slates, with an indication of the total percentage of the shareholding with voting rights at the Shareholders' Meeting, together with certification issued by an intermediary authorized by law proving said ownership, it being understood that this certificate may be presented also after the slates have been filed, provided this is within the deadline set for the publication of the slates by the Company; (b) a statement by shareholders other than those who hold, including jointly, a controlling interest or a relative majority, certifying the absence of any connection, even indirect, with the latter, pursuant to applicable law and regulations; (c) exhaustive information on the personal and professional characteristics of the candidates, with an indication of their eligibility for the role of Independent Director, in addition to a declaration by those candidates certifying that they are in possession of the requisites provided for by the law and other applicable regulations and by these By-Laws, including those of good standing, professionalism, and - where required - independence, and their acceptance of the nomination and of the position, if elected; (d) any other or differing statement, information and/or document provided for by the applicable law or regulations.

The slates submitted shall be filed at the Company's registered office, including by remote communication means as indicated in the call notice, and made available to the public according to the terms and methods provided for under the applicable laws and regulations.

In the event of failure to comply with the aforementioned obligations set out in Article 16 of the By-Laws, the slate shall be deemed not to have been submitted. However, lack of documentation relating to individual candidates on a slate does not imply the automatic exclusion of the entire slate, but only of those candidates who do not meet the requirements.

Pursuant to Article 16 of the By-Laws, the Board of Directors shall be elected as set forth below.

From the slate that obtains the majority of the votes (the "**Majority Slate**"), in the progressive order on the slate, all the Directors are elected, except:

- a) one (1) Director, in the event that only one Minority Slate is submitted, or more than one Minority Slate is submitted but no Minority Slate is validly supported by a number of shares representing at least 5% of the capital entitled to vote at the Shareholders' Meeting. This Director will be drawn from the slate - which has not

been presented by the Board of Directors and which is not connected in any way, even indirectly, with those who submitted or voted for the Majority Slate - that obtained at the Shareholders' Meeting the highest number of votes after the Majority Slate, in the person of the first candidate, according to the sequential order in which the candidates are indicated on the slate; or

- b) two (2) Directors, in the event that more than one Minority Slate is submitted and at least one is validly voted for by a number of shares representing at least 5% of the capital entitled to vote at the Shareholders' Meeting. One director will be drawn from each of the first two Minority Slates - excluding any slates presented by the Board of Directors or that are connected in any way, even indirectly, with those who submitted or voted for the Majority Slate - that have obtained the highest number of votes after the Majority Slate, according to the sequential order in which the candidates are indicated on the slates.

In case of parity between slates: (i) if a slate is submitted by the Board of Directors, a fresh round of balloting shall take place; (ii) otherwise, the slate submitted by the shareholders holding the largest equity investment or, alternatively, by the largest number of shareholders, shall prevail.

If, at the end of the vote, not enough Directors with the independence requirements are elected, the candidate who does not comply with these requirements and who was elected last in numerical order from the slate that obtained the highest number of votes shall be excluded and shall be replaced by the first unelected candidate in numerical order on the same slate who complies with said independence requirements. If necessary, this procedure will be repeated until the number of Directors meeting the independence requirements is reached. If, following this replacement procedure, the composition of the Board of Directors makes it impossible to comply with the minimum number of Directors meeting the independence requirements, the replacement shall be carried out by means of a motion passed by the Shareholders' Meeting by majority of the votes therein, subject to the presentation of candidates who meet the independence requisites.

If, following the voting and the application of the above, the elected candidates do not ensure compliance of the composition of the Board of Directors with the rules on gender balance pursuant to Article 147-ter, paragraph 1-ter of the CFA and with the other applicable provisions (with rounding off in case of fractional number in accordance with the criterion set out in said provisions) the candidate of the over-represented gender elected last in numerical order on the slate which obtained the highest number of votes shall be excluded and replaced by the first unelected candidate of the under-represented gender from the same slate, according to the numerical order. This replacement procedure shall continue until the composition of the Board of Directors complies with the aforementioned rules on gender balance, it being understood that if - upon completion of this replacement procedure - the composition of the Board of Directors still does not comply with said rules, the replacement shall be made by means of a motion passed by the Shareholders' Meeting with a majority of the votes represented therein, subject to the submission of candidates belonging to the under-represented gender.

If the number of candidates elected on the basis of the slates submitted is lower than the number of Directors to be elected, the remaining Directors are elected by the Shareholders' Meeting, which resolves with the majority of the votes represented therein and, in any case, in such a way as to ensure (i) the presence of the minimum number of Directors who meet the independence requirements, and (ii) gender balance. In the

event of a tie between several candidates, a further ballot shall take place and the candidate who obtains the highest number of votes shall be elected.

If only one slate is submitted, the Shareholders' Meeting shall vote on it and, if that slate obtains the majority of votes cast, all members of the Board of Directors shall be taken from this slate, in compliance with the independence requirements and those concerning gender balance. In the event that no slate is submitted, or if only one slate is submitted and does not obtain the majority of votes at the Meeting, or if the whole Board of Directors is not to be renewed, or if it is not possible for any reason to appoint the Board of Directors according to the procedures set out above, the members of the Board of Directors shall be appointed by the Shareholders' Meeting according to the ordinary procedures and the majority of the votes cast, without application of the slate voting mechanism, and in any case so as to ensure the presence of a number of Directors who meet the independence requirements and who comply with the minimum requisites of gender balance provided for by the law and applicable regulations, and without prejudice to the provisions set out below.

If, during the year, one or more Directors cease holding office for any reason, the Board of Directors shall replace them by co-opting the first unelected candidate (if available) from the same slate to which the outgoing Director belonged. If it is not possible to supplement the Board of Directors pursuant to Paragraph 16.9 of the By-Laws, the Board of Directors shall co-opt replacements by legal majority without slate restrictions. At any rate, the Board of Directors and the Shareholders' Meeting shall respectively co-opt and appoint the aforementioned Directors in such a way as to ensure the presence of a number of Directors who meet the independence requirements and who comply with the minimum requisites of gender balance provided for by the law and applicable regulations. The co-opted Directors remain in office until the next Shareholders' Meeting and those appointed by the Shareholders' Meeting remain in office for the period that the Directors they replace would have remained in office. The Shareholders' Meeting retains the right to resolve to reduce the number of members of the Board of Directors rather than replace the Director who has left office.

Should, for any reason, the majority of the Directors appointed by the Shareholders' Meeting no longer be in office, the entire Board is dissolved as of the subsequent reconstitution of this Board. In such cases, the Directors still in office shall convene an urgent Shareholders' Meeting to appoint a new Board of Directors, as described above.

The loss of the Director's independence requirements as set out by law and/or applicable regulations does not provide grounds for his/her removal from office, provided that the minimum number of members required under applicable law meeting said independence requirements remain in office.

For information on the role of the Board of Directors and of Board committees in the processes of Director self-assessment, nomination and succession, please refer to Section 7.

genders. Specifically, since three Directors out of ten belong to the under-represented gender (Anna Zattoni, Valentina Manfredi, Valentina Montanari), the composition of the Board of Directors complies with the rules on gender balance pursuant to the provisions of the applicable laws.

The Board of Directors is composed of Executive and Non-Executive Directors, all of whom have the professionalism and skills appropriate to the tasks entrusted to them. Moreover, given the presence of eight (out of ten) Non-Executive Directors, four of whom are independent pursuant to Article 148, paragraph 3 of the CFA (as referred to in Article 147-ter, paragraph 4 of the CFA) and Article 2 of the CG Code, it is believed that (i) the number and powers of the non-executive members are such as to ensure that they have a significant weight in the adoption of the Board's motions and guarantee effective monitoring of management activities, and that (ii) a significant component of Non-Executive Directors is independent.

For a more in-depth analysis of the information required under the ESRS Standards regarding the role and responsibilities of the Board of Directors, including oversight of procedures to manage relevant risks, impacts, and opportunities, as well as the information provided and sustainability issues addressed by the Board of Directors, please refer to the Sustainability Statement (included in the Annual Financial Statements available on the Issuer's website www.seco.com/it, section "Corporate Governance/Shareholders' Meeting").

Please note that there were no changes in the composition of the Board between the end of the year and the Reporting Date beyond those described above.

Diversity criteria and policies for the Board and organization

The Company has adopted criteria of diversity, including gender, in the composition of the Board of Directors, in compliance with the main objective of ensuring adequate competence and professionalism of its members. As of the Reporting Date, the Board consists of 30 percent of its members of Directors of the least represented gender. At the Reporting Date, taking into consideration (i) the structure and size of the Company, the qualitative and quantitative composition of the Board of Directors, which ensures sufficient diversification in terms of skills, age, experience including international and gender, as well as (ii) the slate voting mechanism provided for in the By-Laws, which in turn ensures a transparent appointment procedure and a balanced composition of the administrative body, the Issuer has not adopted a diversity policy in terms of age, gender, and educational and professional background, with regard to the composition of the Board of Directors currently in office. However, the Board of Directors reserves the right to adopt such policies and/or practices at a later date.

That said, the qualitative and quantitative composition of the Board of Board of Directors in office is deemed to ensure sufficient diversity in terms of skills, age and experience.

Indeed, as regards the composition of the Company's Board of Directors currently in office, we note that: (i) it includes three Directors belonging to the under-represented gender; (ii) the Board features diversity of its members, given that the age of the Directors is between 70 and 44; (iii) the training and professional background of the Directors currently in office ensures a balanced combination of profiles and experience within the administrative body, suitable for ensuring the correct performance of the functions assigned to it, along with significant international experience, not to mention skills and heterogeneous professional experiences.

For further information, reference should be made to the CVs of the Directors, which illustrate their professional and personal backgrounds, and which can be consulted on the Issuer's website at www.seco.com/it, in the *Investor Relations/Corporate Governance/Board of Directors* section.

We note that the Company promotes gender inclusiveness and equal treatment and opportunities within the whole corporate organization, and monitors its actual implementation, as set out in (i) its Ethics Code and (ii) in the Sustainability Statement to which reference is made in particular for more information about the transposition of the ESRS standards adopted by the Company on the subject of the composition of the Board of Directors (the documents (i) and (ii) are respectively available on the Issuer's website www.seco.com/it, in the *Corporate Governance/Ethics Code* section and *Corporate Governance/Shareholders' Meeting* section).

Maximum number of offices held in other companies

Also considering the fact that the CG Code recommends that the Board of Directors of only "large companies" should express a guideline regarding the maximum number of positions on the Boards of Directors or of Statutory Auditors in other listed companies or companies of significant size that may be considered compatible with effective performance as a Director of the Company, the Board of Directors did not consider it necessary to define general criteria for its Directors.

Each Director is responsible for assessing the compatibility of any offices held in other companies with the diligent performance of the tasks undertaken as a Director of the Issuer. Every member of the Board of Directors is obliged to take decisions independently and in full knowledge of the facts, pursuing the objective of creating value for the shareholders, and undertakes to devote the appropriate amount of time to the diligent fulfilment of the tasks associated with the office held in the Issuer, regardless of the positions held outside the SECO Group, with full awareness of the responsibilities entailed by the office held.

At December 31st, 2025, the list of administration and control offices held by the members of the Board of Directors in other companies listed on regulated markets or that are of significant size (with evidence of whether the company in which the office is held is part of the Group or not) is contained in Table 5 in Annex I of the Report.

Induction Program

In accordance with Recommendation 12, lett. d) of the CG Code, the Chairman of the Board ensures that all members of the management and control bodies participate in initiatives aimed at providing adequate knowledge of the Company's business sectors, business dynamics, risk management, and regulatory framework, with the aim of fostering the sustainable success of the company. During the Year, a meeting of the Board of Directors was held on June 19th, 2025, with the participation of the Board of Statutory Auditors, during which an induction session was held for all members of the corporate bodies, which also involved the main first lines of management. During this meeting, the updated vision of the Seco Group's strategy was presented, as well as the Group's commercial offerings in hardware and software with specific regard to the context of the target market. In compliance with the purposes set out in Recommendation 12(d) of the CG Code, the Chairperson of the Board of Directors, with the assistance of the Secretary of the Board, will consider additional appropriate actions to be taken in light of updating the Induction Program.

It should also be noted that, at the March 16th, 2026 Board meeting, members of the Board of Directors and Board of Statutory Auditors had the opportunity to review and discuss

the "CG Committee Recommendations for 2026" contained at the bottom of the CG Committee Chairperson's letter dated December 18th, 2025.

4.4 FUNCTIONING OF THE BOARD OF DIRECTORS (PURSUANT TO ARTICLE 123-BIS, PARAGRAPH 2, LETTER D), CFA)

The Company is managed exclusively by the Directors, who carry out the necessary operations to achieve the corporate objectives.

As per the By-Laws, the Board of Directors meets (including outside the registered office, provided that it is within the European Union) whenever the Chairperson or the Vice-Chairperson (if appointed) deems it necessary, and when a meeting is requested by a Director with delegated powers, by the Executive Committee (if appointed), or by at least two other Directors in office, without prejudice to the powers to call meetings granted to other parties pursuant to law.

The Board of Directors is convened by the Chairperson or, in his/her absence or impediment, by the Vice-Chairperson (if appointed), by means of a notice containing the items on the Agenda sent by post or e-mail at least 3 (three) days before the meeting or, in case of urgency, at least 24 (twenty-four) hours before the meeting. The notice shall state the place, day, and time of the meeting and the items on the Agenda.

The meetings of the Board of Directors may also or exclusively be held by means of telecommunications, provided that: (a) the Chairperson of the meeting may verify the identity and legitimacy of the participants, direct the course of the meeting and witness and announce the results of the voting; (b) the person taking the minutes may adequately observe the events of the meeting to be recorded in the minutes; and (c) participants may take part in the discussion and the simultaneous voting on the matters on the Agenda, and view, receive or transmit documents.

All Board of Directors' motions shall require the effective presence of a majority of the Directors in office and the favorable vote of a majority of the Directors present.

The meeting of the Board of Directors is validly constituted if, even if not called in the form and manner described above, all the Directors in office and all the members of the Board of Statutory Auditors are present, or if the majority of both Directors and Statutory Auditors in office are present and the absent Directors have been adequately informed in advance of the meeting and have not opposed discussion of the issues.

It should be noted that as of the Reporting Date, the Board has already adopted its own regulation defining the rules of operation of the body (the "**Board of Directors Regulation**"), as well as regulations on the operation of the Control and Risk Committee and the Appointments and Remuneration Committee have also been approved previously.

The Chairperson of the Board of Directors shall ensure that adequate information regarding the items on the Agenda is provided to all Directors. Specifically, this information is at all times provided in such a way as to allow the Directors to express their opinion on the matters submitted to them, providing them with drafts of the documents to be approved well in advance, with the sole exception of cases of particular and demonstrable urgency. In particular, the Board of Directors Regulation provides that the documents must be sent no later than 3 (three) days prior to the meeting, except in cases of urgency in relation to which the information is made available to the Board members as promptly as possible. It is also prescribed that, in certain exceptional cases, the informational documents be made available directly at the meeting and, in such cases, the Chairman is required to inform the members of the Board and the Board of Statutory Auditors and ensure that appropriate in-depth studies are carried out at the Board

meeting in order to enable Board members to act consciously in the exercise of their functions. The timeliness and completeness of pre-council reporting was ensured during the Year by sending the documents under discussion in accordance with the Board of Directors Regulation in any case in compliance with the time limits for convening the meeting as set out in the By-Laws.

The Directors accept the appointment when they deem themselves capable of devoting the necessary time to the diligent performance of their tasks, also taking into account the commitment related to their working and professional activities and the number of offices they hold in other companies or bodies (including foreign ones). During the year, the Directors ensured that they had sufficient time available to carry out their duties as part of their role within the Company.

During the year, the Board of Directors met 10 (ten) times. The Board meetings averaged 1 hour 15 minutes in length.

Board meetings have also been attended by members of the Board of Statutory Auditors. More specifically, the following attended and provided information on the issues under their responsibility: (i) the Executive Officer for Financial Reporting, if requested, in order to provide adequate information on the Internal Control and Risk Management System; (ii) the heads of the corporate departments responsible for the different issues on the Agenda.

Table 2 of Annex 1 of the Report gives the number of attendances of each member at the meetings of the Board of Directors during the year.

In the current year and up to the Reporting Date, the Board of Directors has met 4 (four) times and 3 (three) more meetings are planned in 2026, listed in the calendar of major corporate events for 2026:

- May 11th, 2026: approval of the consolidated Q1 2026 report;
- September 8th, 2026: approval of the consolidated H1 2026 report;
- November 9th, 2026: approval of the consolidated Q3 2026 report.

4.5 ROLE OF THE CHAIRPERSON OF THE BOARD OF DIRECTORS

If the Shareholders' Meeting has not done so, the Board of Directors shall elect a Chairperson from among its members, and may elect a Vice-Chairperson to replace the Chairperson in the event of absence or impediment. In the absence of the latter, Board meetings shall be chaired by the Director appointed by those present.

On the proposal of the Chairperson, the Board of Directors also appoints a Secretary, who need not be an employee of the Company.

Meetings of the Board of Directors shall be chaired by its Chairperson or, in his/her absence or unavailability, by the Vice-Chairperson, if one has been appointed.

The Board of Directors is called by the Chairperson in accordance with Article 18 of the By-Laws. In accordance with the provisions of Article 21 of the By-Laws, the Chairperson of the Board of Directors (where appointed) and the Vice-Chairperson and any Chief Executive Officers appointed, represent the Company before third parties and in court (the Chief Executive Officers within the limits of the powers conferred on them).

Moreover, in line with the provisions contained in the CG Code, the Chairperson of the Board acts as liaison between the Executive Directors and the Non-Executive Directors and ensures the effective execution of the Board's duties. In this regard, the Chairperson has been responsible for:

(a) ensuring that the pre-meeting briefing and additional information provided at meetings is adequate to enable Directors to carry out their roles in an informed manner (see paragraph 4.4 of the Report);

(b) ensuring that the activities of the Board committees are coordinated with the activities of the Board (see paragraph 4.4 of the Report);

(c) in agreement with the Chief Executive Officer, ensuring that Board meetings are also attended by Executives of the Company and of the Group companies in charge of the corporate departments responsible for the relevant issues, also upon request of individual Directors, in order to provide any necessary information or clarifications on the issues on the Agenda (see paragraph 4.4 of the Report);

(d) ensuring that all members of the Board of Directors and the Board of Statutory Auditors may take part, after their appointment and during their term of office, in initiatives aimed at providing them with adequate knowledge of the business sectors in which the Company operates, of corporate dynamics and changes therein, including as regards the Company's sustainable success, in addition to the principles of proper risk management and of the reference regulatory and self-regulatory framework (see paragraph 4.3 of the Report).

Considering that the Company does not fall under the definition of a large company as provided for by the CG Code and that the renewal of the Board of Directors is not scheduled on the agenda of the upcoming Shareholders' Meeting, the Board did not carry out an evaluation of the functioning of the Board and its committees, along with their size and composition, on a three-year basis (see Section 7.1 of the Report).

Secretary to the Board of Directors

Pursuant to Article 17 of the By-Laws, on the proposal of the Chairperson the Board of Directors also appoints a Secretary, who need not be an employee of the Company.

On April 29th, 2024, the Board of Directors appointed, upon proposal of the Chairperson, the Director of Legal and Corporate Affairs, Mr. Alessandro Guido, Secretary of the Board until the date of approval of the 2026 financial statements, reserving the right to decide on any early revocation.

The Secretary has adequate requirements of professionalism, experience, independence of judgement and is not in a situation of conflict of interest.

The Secretary collaborates with the Chairperson and provides impartial assistance and advice to the Board of Directors on any aspect relevant to the proper functioning of the corporate governance system.

Disclosure to the Board by delegated Directors

During the year, the Executive Directors reported to the Board on the activities carried out with regard to the powers granted to them on a monthly basis at the next upcoming meeting and in such a way as to enable the Directors to express their opinion on the issues under assessment.

For further details about the information required under the ESRS Standards regarding the Board of Directors' disclosure on sustainability, please refer to the Governance section of the Sustainability Statement (included in the annual financial statements available on the Issuer's website www.seco.com/it, "Corporate Governance/Shareholders' Meeting" section).

Other Executive Directors

Other than as set out in paragraph 4.6. above, there are no other Executive Directors.

4.7 INDEPENDENT DIRECTORS AND LEAD INDEPENDENT DIRECTOR

Pursuant to the combined provisions of Articles 147-ter, paragraph 4, and Article 148, paragraph 3 of the CFA and in compliance with the provisions contained in Article 2.2.3, paragraph 3, letter m) of the Stock Exchange Regulation and Article IA.2.10.6 of the Stock Exchange Instruction Regulation and in compliance with Article 2 of the CG Code, the Issuer's Board of Directors currently includes four Directors who meet the independence requirements, i.e., Valentina Montanari, Anna Zattoni, Valentina Manfredi and Paolo Lavatelli.

In this regard, we highlight that since there are four (out of ten) Independent Directors pursuant to Article 148, paragraph 3 of the CFA (as referred to in Article 147-ter,

paragraph 4 of the CFA), in compliance with the provisions of Article 2.2.3, paragraph 3, letter m) of the Stock Exchange Regulation and Article IA.2.10.6 of the Stock Exchange Instruction Regulation, and pursuant to Article 2 of the CG Code, it is considered that their number and competences are adequate for the needs of the Company and the functioning of the Board, and also for the establishment of the related committees.

The Board of Directors assesses the independence of its non-executive members at the time of their appointment, during their term of office when circumstances relevant to independence arise and, in any case, at least once a year, in order to detect the possible existence of circumstances that compromise, or appear to compromise, their independence of judgement. The result of this assessment shall be disclosed to the market immediately after the appointment by means of a specific press release and, subsequently, in the "*Corporate Governance and Ownership Structure Report*" prepared pursuant to Article 123-*bis* of the CFA and the CG Code. The Board's assessment is verified by the Board of Statutory Auditors.

Pursuant to Article 15.4 of the By-Laws, the loss of a Director's independence requirements as set out by law and/or applicable regulations does not provide grounds for his/her removal from office, provided that the minimum number of members required under applicable law meeting said independence requirements remain in office.

It should be noted that the Chairperson of the Board did not qualify as independent.

The Board of Directors, with the support of the Appointments and Remuneration Committee, has defined the quantitative and qualitative criteria for assessing the significance of relationships (including financial ones) that could compromise the independence of its members (the "**Significance Criteria**" or the "**Criteria**"), as specified in the "Policy for the identification of qualitative and quantitative criteria for assessing the significance of situations that may compromise the independence of Directors provided for in Article 2, Recommendation No. 7 (c) and (d) of the Corporate Governance Code" adopted by the Board of Directors on March 11st, 2024 and published on SECO's website www.seco.com/it, in the section "Corporate Governance/Documents and Procedures/Policies".

We note that the same Criteria also apply to the Company's control body, with the necessary adaptations, as resolved by SECO's Board of Statutory Auditors on March 6th, 2024. Any reference in that document to "Director" should therefore be understood to refer to "Statutory Auditor" when the subject of assessment is the latter's independence.

In establishing the Significance Criteria, the Board of Directors has, among other matters, taken into account the recommendations set forth in the Code and the clarifications provided in the "*Q&A supporting the application of the Corporate Governance Code - 2020 edition*" published on the Corporate Governance Committee's website (the "Q&A").

At its meeting of March 23rd, 2026, considering all the information available and the statements issued by the persons concerned, assessing all the circumstances that appear to compromise the independence identified by the CFA and the Code, and applying all the Significance Criteria and the criteria set out in the Code with regard to the independence of the Directors, the Board of Directors assessed the independence of its Directors pursuant to and for the purposes of Article 148, paragraph 3 of the CFA (as referred to in Article 147-*ter*, paragraph 4 of the CFA), the provisions of Article 2.2.3, paragraph 3, letter m) of the Stock Exchange Regulation and Article IA.2.10.6 of the Stock Exchange Instruction Regulation and Article 2 of the CG Code, verifying the presence of an adequate number of Non-Executive and Independent Directors in order to comply with the recommendations of the CG Code. In this regard, we underline that each Non-Executive Director provided all the elements necessary or useful for the Board's

assessments.

On March 11st, 2025, the Board of Statutory Auditors verified that the assessment criteria and procedures adopted by the Board to evaluate the independence requirements have been correctly applied.

4.8 Lead Independent Director

As noted in paragraph 4.3 above, since the Chairperson of the Board of Directors holds management powers, on April 29th, 2024 the Board of Directors appointed the Independent Director Valentina Montanari as Lead Independent Director.

The Lead Independent Director also serves as Chairperson of the Control and Risk Committee and of the Related Party Transactions Committee and (a) represents a point of reference and coordination of the requests and contributions of the Non-Executive Directors and, in particular, of the Independent Directors, and (b) coordinates the meetings of the Independent Directors.

5. MANAGEMENT OF CORPORATE INFORMATION

At the Reporting Date, the following procedures are in force with respect to the management of inside information, the insider register and internal dealing – approved by the Board at its meeting of March 10th, 2021 in view of the Listing (i) "*Procedure for the maintenance, management and updating of registers of persons having access to Relevant and Inside Information*"; (ii) "*Procedure for the management and disclosure of Relevant and Inside Information*"; (iii) "*Internal Dealing Procedure*" as subsequently amended on March 17th, 2025, to reflect the changes to the CFA introduced by Law No. 21 of March 5th, 2024.

For further information, please refer to the text of the procedures available on the website www.seco.com/it, in the "*Investor Relations/Corporate Governance/Documents and Procedures/Procedures*" section.

6. INTERNAL BOARD COMMITTEES (pursuant to Article 123-bis, paragraph 2, letter d) CFA)

In compliance with the provisions contained in the Code, the Board of Directors may establish internal committees with investigative, proposal and advisory functions, with regard to appointments, remuneration and control and risks, and in other areas deemed important for the Company, which are entrusted with the task of supporting the Board in the performance of its duties.

On April 29th, 2024, the Board of Directors resolved to establish the following internal committees, with investigative, proposal and advisory functions, with a term of office equal to that of the Board of Directors and, therefore, until the approval of the financial statements for the year ended December 31st, 2026:

(i) the Appointments and Remuneration Committee (which combines the functions of the Remuneration Committee and the Appointments Committee), composed of three independent Directors, in the persons of the Directors Anna Zattoni (Chairperson), Paolo Lavatelli and Claudio Catania (see Section 7 of the Report);

(ii) the Control and Risk Committee, consisting of three Non-Executive Directors, the majority of whom are independent, in the persons of the Directors Valentina Montanari (Chairperson), Valentina Manfredi and Luciano Lomarini (see Section 8 of the Report);

(iii) the Related Party Transactions Committee, consisting of three Independent Directors, in the persons of the Independent Directors Valentina Montanari (Chairperson), Valentina Manfredi and Anna Zattoni (see Section 10 of the Report).

In determining the composition of the committees, the Board gave priority to the expertise and experience of their members and avoided an excessive concentration of positions.

At the Reporting Date, the Board of Directors has adopted and approved regulations for the functioning of the Control and Risk Committee, the Appointments and Remuneration Committee, and the Related Parties' Committee.

The timeliness and completeness in view of the meetings of Control and Risk Committee and the Appointments and Remuneration Committee were ensured, during the Year, by sending the documents under discussion in accordance with the regulations of the Committees itself. The mentioned regulations provide, in particular, that the documents must be sent no later than 3 (three) days prior to the meeting, except in cases of urgency, which did not occur during the Year, in relation to which the information is made available to the Board members with a minimum notice of 1 (one) day. With regard to the meetings of the Related Parties Committee, the information was provided in such a way as to enable it to express itself with awareness on the matters placed before them and, in particular, during the course of the Year, with at least 3 (three) days' notice prior to each meeting.

At the Reporting Date, the Board of Directors has not reserved any of the functions that the Code attributes to committees.

Additional committees (other than those required by regulation or recommended by the Code)

At the Reporting Date, no committees other than those envisaged by the regulations or the CG Code have been set up.

7. SELF-ASSESSMENT AND SUCCESSION OF DIRECTORS. APPOINTMENTS AND REMUNERATION COMMITTEE

7.1 Self-assessment and succession of Directors

In accordance with the provisions of the CG Code, and in particular in view of the fact that the Issuer does not fall under the definition of a "large company", as well as considering the Board of Directors Regulations, this latter has considered conducting its self-assessment once every three years, at the same time as the expiration of the Board's term of office, as well as in view of the renewal of the Board of Directors. In this regard, therefore, it should be noted that since the renewal of the administrative body is not included in the agenda of the upcoming Shareholders' Meeting, the Board did not have an occasion to carry out an evaluation on the performance of the Board itself and its committees, as well as their size and composition.

During the Board of Directors' meeting held on March 11st, 2024, the Board has carried out the latest self-assessment regarding the three-year period 2021-2023. Based on the results of the review, the Board has operated in substantial compliance with the CG Code and best practices, both at Italian and international level, and the Directors expressed general satisfaction with the functioning and activities carried out by the Board and its committees.

In addition, it should be noted that, at the Reporting Date, the Board has not adopted a succession plan for Executive Directors, taking into account the organizational structure of the Issuer and also considering that the CG Code recommends this only for "large companies," a category to which SECO does not belong.

7.2 APPOINTMENTS AND REMUNERATION COMMITTEE

Composition and functioning of the Appointments and Remuneration Committee in its capacity as Appointments Committee (pursuant to Article 123-bis, paragraph 2, letter d) of the CFA)

On April 29th, 2024, the Board of Directors of the Issuer appointed as members of the Appointments and Remuneration Committee the Directors Anna Zattoni, Paolo Lavatelli and Claudio Catania, as illustrated in the following table.

Member	Category
Anna Zattoni - Chairperson	Non-Executive and Independent
Paolo Lavatelli	Non-Executive and Independent
Claudio Catania	Non-Executive

At the time of their appointment, the Board of Directors ascertained that the Directors Anna Zattoni, Paolo Lavatelli and Claudio Catania had adequate knowledge and experience in financial matters and remuneration policies, in compliance with Recommendation 26 of the CG Code.

The meetings were coordinated by the Chairperson and minutes were regularly taken; during the year, the Chairperson regularly reported to the Board of Directors at the next available meeting on the activities carried out.

The meetings of the Appointments and Remuneration Committee lasted an average of one hour. Table 3 in Annex 1 of the Report shows each member's attendance at the Appointments and Remuneration Committee meetings.

In addition, at least 4 (four) meetings are scheduled during the current year, 2 (two) of which have already been held as of the Reporting Date, on March 13rd, and 18th 2026.

There have been no changes in the composition of the Appointments and Remuneration Committee since the close of the financial year.

As specified above, the Appointments and Remuneration Committee was composed of a majority of Independent Directors.

Appointments and Remuneration Committee meetings were attended, as appropriate, by the Secretary of the Board of Directors and the Director of Human Resources.

The Appointments and Remuneration Committee is charged with the duties set out in Recommendations 19 and 25 of the CG Code.

In view of the fact that the same committee is responsible for both remuneration and the appointment of Directors, it is necessary to distinguish the functions it performs when acting in one capacity or the other.

Specifically, this committee has been assigned the following functions regarding remuneration:

- (i) assist the Board of Directors in developing remuneration policy;
- (ii) present proposals or express opinions to the Board of Directors on the remuneration of the Executive Directors and Senior Directors in addition to establishing the performance objectives related to the variable component of this remuneration;

- (iii) monitor the concrete application of the remuneration policy, verifying, in particular, the effective achievement of the performance objectives;
- (iv) periodically assess the adequacy and overall consistency of the policy adopted for the remuneration of Directors and Senior Management.

Pursuant to Recommendation 26 of the CG Code, Directors are required to abstain from attending committee meetings at which proposals are made to the Board regarding their own compensation.

This Committee has been assigned the following functions with regard to appointments; more specifically, the Committee supports the Board of Directors:

- (i) in the self-assessment of the Board and its committees;
- (ii) in defining the optimal composition of the Board of Directors and its committees;
- (iii) in identifying candidates for the position of Director in the event of co-option;
- (iv) in the presentation of a slate by the outgoing Board of Directors, to be carried out according to methods that ensure its transparent formation and presentation.

The Appointments and Remuneration Committee carries out its activities by making ordinary use of the information provided by the Board of Directors and the support of the Legal and Corporate Affairs, Finance and Control and Human Resources Departments.

In performing its functions, the Appointments and Remuneration Committee has access to the company functions necessary for the undertaking of their duties and may draw on financial resources and utilize external consultants, according to the terms established by the Board of Directors.

Throughout the year and up to the Reporting Date, the Appointments and Remuneration Committee met 8 (eight) times. The meetings, among other matters, focused on:

- (i) the review and approval of the MBO scheme for the Chief Executive Officer and the Senior Executives with strategic responsibilities;
- (ii) the annual assessment of the independence and integrity requirements of the members of the Board of Directors;
- (iii) the review and approval of the Remuneration Policy and of the Remuneration Report;
- (iv) the examination of market benchmarks of comparable companies with reference to long-term incentive plans;
- (v) the review of the project for the implementation of EU Directive 2023/970 on pay equity and transparency and of the related updates;
- (vi) the assessment and verification of the criteria for awarding the 2025 variable bonus in favour of the Chief Executive Officer, together with the related proposal to the Board of Directors;
- (vii) the review and approval of a new incentive plan reserved for the Chief Executive Officer and the Senior Executives, as well as of a plan reserved for the Group's employees.

8. REMUNERATION OF DIRECTORS - REMUNERATION COMMITTEE

8.1 REMUNERATION OF DIRECTORS

The Company's Board of Directors will submit to the Shareholders' Meeting called to approve the financial statements the remuneration policy governing the remuneration of the members of the Board of Directors, General Managers and other Senior Executives

and, without prejudice to the provisions of Article 2402 of the Civil Code, the members of the Board of Statutory Auditors, in compliance with Article 123-ter of the CFA and on which, on March 10th, 2025, the Appointments and Remuneration Committee expressed its favorable opinion.

The Remuneration Report, in Section I of which SECO's remuneration policy is described, was prepared by the Issuer in compliance with the regulations applicable to companies with financial instruments listed on a regulated market and with the involvement of the Appointments and Remuneration Committee.

Section II of the Remuneration Report includes information on any agreements between the Company and the members of the Board of Directors providing for indemnities in the event of resignation or dismissal without just cause, or termination of employment following a public tender offer.

For a description of the Issuer's remuneration policy and the fees paid during the year, please refer to the Remuneration Report available on the Issuer's website at www.seco.com/it in the *Investor Relations/Corporate Governance* Section.

8.2 REMUNERATION COMMITTEE

For information on the composition and functioning, and the functions of the Appointments and Remuneration Committee in its role as Remuneration Committee, reference should be made to paragraph 7.2 of the Report.

Additional information about the Appointments and Remuneration Committee is contained in Table 3 of Annex 1 of the Report.

9. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM - CONTROL AND RISK COMMITTEE

The Board - which is responsible for the Internal Control and Risk Management System as a whole (i.e. the set of rules, procedures, organizational structures and processes targeted at monitoring the efficiency of corporate transactions, the reliability of the information provided to the corporate boards and the market, the compliance with laws and regulations and the safeguard of corporate assets) - defines, also with the support of the Control and Risk Committee, the guidelines of the Internal Control and Risk Management System, so that the main risks of the Company and the Group - including those which may be relevant for the medium/long-term sustainability of the Company's activities - are identified, measured, managed and monitored in line with national and international reference models.

In defining the guidelines of the internal control and risk management system, the Board has adopted an Internal Control and Risk Management System that complies with the indications of the CG Code and is aligned with the reference best practices, and is defined in line with the "Internal Controls - Integrated Framework" and "Enterprise Risk Management - Integrated Framework" models issued by the Committee of Sponsoring Organizations of the Treadway Commission ("CoSo Report"). Specifically, the Board meeting of March 11st, 2024 approved an Enterprise Risk Management (ERM) model whose methodology is based on identifying relevant risks, assessing them, including in view on the system of controls in place, and identifying improvement actions.

The Board of Directors, in drafting the strategic, business and financial plans, defined the nature and level of risk compatible with the strategic objectives of the Issuer, including in their assessments all risks considered significant with regard to the sustainability of the medium/long-term operations of the Issuer and of the companies of the Group.

Features of the Internal Control and Risk Management System Coordination between parties involved.

The Internal Control and Risk Management System is an integrated system of rules, procedures and organizational structures aimed at identifying, measuring, managing and monitoring the main corporate risks, in which a number of corporate bodies and organizational units take part, and whose components are coordinated and interdependent and characterized by complementarity in terms of the aims pursued, the characteristics of the system and the operating rules. More specifically, the various parties involved in the Internal Control and Risk Management System are: (i) the Board of Directors; (ii) the Control and Risk Committee; (iii) the Chief Executive Officer as the Director in charge of the Internal Control and Risk Management System; (iv) the Board of Statutory Auditors; (v) the independent audit firm; (vi) the Supervisory Board; (vii) the Executive Officer for Financial Reporting; (viii) the Internal Audit Manager.

Main characteristics of the existing risk management and internal control system in place in relation to financial disclosure (pursuant to Article 123-bis, paragraph 2, letter b) of the CFA)

In relation to the financial disclosure process, the internal control system is integral to and forms part of the wider context of the Internal Control and Risk Management System. In general, the internal control system put in place by the Company seeks to guarantee the safeguard of corporate assets, compliance with laws and regulations, efficiency and effectiveness in corporate operations and the reliability, accuracy and timeliness of financial disclosure. The internal control system on financial disclosure is designed to identify and assess the events that, if they were to occur, would compromise the reliability, accuracy and timeliness of the financial disclosure and the capacity of the financial reporting process as a whole to produce financial information in compliance with the reference accounting standards. The control model for the financial reporting process was inspired by international standards and industry best practices. The administrative-accounting procedures for preparing the financial statements and any other financial communication are prepared under the responsibility of the Executive Officer for Financial Reporting, who, together with the Chief Executive Officer, certifies their adequacy and effective application on the occasion of the Company's annual and consolidated financial statements and half-yearly financial report.

a) Phases of the Internal Control and Risk Management System regarding financial disclosure

In general, the control objectives for the financial reporting process are related to typical financial statement assertions, such as existence, completeness, accuracy of accounting records, rights and obligations and valuation of transactions, and presentation of disclosures. The objectives are also linked to other elements that characterize the internal control environment and company organization such as, for example, the separation of duties, compliance with rules of conduct and authorization limits, the physical security of assets, documentation and traceability of transactions. The analysis of the scope of and risks related to financial disclosure provides for periodic updating in order to identify the principal amendments made to the administrative-accounting processes with the natural development of the business and the organization of the Group. After the identification of the matrix of processes and controls, the Company defines the approach to be adopted in the verification phase to ensure the adequacy and operation of key controls in order to contain and/or reduce the risk to a residual level deemed acceptable. The approach takes into account how the control is performed, dividing it into manual controls, automated controls at the application systems level and general controls of IT structures, and the frequency of the controls themselves.

b) Role and functions involved

The financial disclosure management and control system is overseen by the Executive Officer for Financial Reporting, who coordinates the various phases, such as its design, implementation, monitoring and updating over time. In particular, the role and the responsibilities of the Executive Officer for Financial Reporting include the internal checking of the correct functioning of the accounting processes/flows within their management responsibility, the completeness and reliability of information flows, in addition to the adequacy and effective application of the controls; the Executive Officer for Financial Reporting undertakes verifications on the set of documents and summary accounting data concerning the equity, economic and financial position.

The Executive Officer for Financial Reporting shall periodically report to the Control and Risk Committee, to the Board of Statutory Auditors and to the Supervisory Board concerning the means to undertake the internal control system assessment process, and also regarding the results of the assessments carried out in support of the declarations issued.

The monitoring process on the existing risk management and internal control system in relation to financial reporting consists of the following steps:

- (i) risk assessment, aimed at identifying and assessing the main risks;
- (ii) assessment of the possible impact that the occurrence of the risks previously identified could have on existing processes and consequent preparation of an audit plan;
- (iii) performance of audits;
- (iv) evaluation of any problems/anomalies detected.

The Executive Officer for Financial Reporting periodically reports to the Director in charge of the ICRMS, the Control and Risk Committee and the Board of Statutory Auditors.

During the meeting held on March 16th, 2026, the Issuer's Board of Directors - having taken into account the information provided by the Control and Risk Committee - expressed its opinion on the adequacy of the Internal Control and Risk Management System with regard to the Company and the risk profile, in addition to its effectiveness and functioning. This assessment was carried out by analyzing the results of various controls aimed at verifying the actual reliability, accuracy and timeliness of the financial disclosure and did not reveal any critical aspects.

9.1 CHIEF EXECUTIVE OFFICER

On April 29th, 2024, the Board appointed as Chief Executive Officer Massimo Mauri, responsible for establishing and maintaining the Internal Control and Risk Management System.

During the year, the Chief Executive Officer, as the person responsible for establishing and maintaining the Internal Control and Risk Management System:

- (i) identified the main business risks, taking into account the characteristics of the activities undertaken by the Company and by its subsidiaries, and periodically presented them for examination to the Board of Directors;
- (ii) introduced the guidelines defined by the Board, supervising the planning, realization and management of the Internal Control and Risk Management System, constantly verifying its adequacy and efficiency, and adapting it to changes in operating conditions and legal and regulatory frameworks.

In addition, the Chief Executive Officer entrusted the Internal Audit Function with verifying specific operational areas and with compliance of internal procedures and rules in the execution of business operations, simultaneously communicating such to the Chairperson of the Board of Directors, the Chairperson of the Control and Risk Committee and to the Chairperson of the Board of Statutory Auditors. The Chief Executive Officer did not exercise this power during the year.

Lastly, if problems and critical issues should arise in the performance of his activities, or of which he has become aware, the Chief Executive Officer shall promptly inform the Control and Risk Committee so that it can take the appropriate initiatives.

9.2 CONTROL AND RISK COMMITTEE

Composition and functioning of the Control and Risk Committee

On April 29th, 2024, the Board of Directors of the Issuer appointed as members of the Control and Risk Committee - Valentina Montanari, Valentina Manfredi and Luciano Lomarini. The table below shows the members of the Control and Risk Committee as of the Reporting Date.

In addition, 4 (four) meetings are scheduled for the current year, of which 3 (three) have already been held as of the Reporting Date.

There have been no changes in the composition of the Control and Risk Committee since the close of the financial year.

At the time of their appointment, the Board of Directors ascertained that the Directors Valentina Montanari, Valentina Manfredi and Luciano Lomarini have adequate experience in accounting, finance and risk management.

The meetings of the Control and Risk Committee were attended by the members of the Board of Statutory Auditors, as well as (i) the Chief Executive Officer pursuant to the CG Code (ii) the heads of the Legal and Corporate Affairs, Finance and Control, and Internal Audit Departments; and (iii) the Independent Auditors, at the invitation of the Committee's Chairperson and informing the Chief Executive Officer pursuant to the CG Code.

The Control and Risk Committee is tasked with the control and risk duties set out in Recommendations 33 and 35 of the CG Code.

More specifically, this Committee has been assigned the following control and risk functions:

On December 11th, 2018, the Company's "Code of Ethics and Conduct" was also adopted, and subsequently amended on September 8th, 2025, available on the Issuer's website www.seco.com/it in the "Investor Relations/Corporate Governance/Code of Conduct" Section.

The Issuer's Supervisory Board currently in office is composed by Eleonora Necci (Chairperson), Fabio Rossi both appointed by the Board of Director's on April 29th, 2024 and Alessandro Guido, appointed by the Board of Director's on November 13th, 2024 in replacement of Marco Pascucci. The Supervisory Board holds independent initiative and control powers as provided by Legislative Decree 231. A The Supervisory Board has autonomous powers of initiative and control as provided for by Legislative Decree No. 231. The Issuer's Board of Directors evaluated whether to appoint to the Board at least one internal Company figure, i.e., Alessandro Guido, in order to ensure coordination among the different subjects involved in the Internal Control and Risk Management System.

9.5 AUDITOR

The legal audit of the Company's accounts for the financial years 2021-2029 was assigned, with effect subject to the Trading Commencement Date, to the company Deloitte & Touche S.p.A., with registered office at Via Tortona 25, Milan, enrolled in the register of legal auditors pursuant to Legislative Decree No. 39/2010, as amended, with registration number 132587. 9.6 EXECUTIVE OFFICER AND OTHER CORPORATE ROLES AND FUNCTIONS

On March 5th, 2021, and having consulted the Board of Statutory Auditors, the Board of Directors appointed Lorenzo Mazzini (Chief Financial Officer of the Company) as Executive Officer for Financial Reporting, effective from the Listing, in view of his knowledge of the Company and his experience and professional profile. As per Article 23 of the By-Laws, the Executive Officer for Financial Reporting is appointed by the Board of Directors (with the obligatory opinion of the Board of Statutory Auditors), and the Board establishes his/her remuneration and may revoke his/her appointment. The Executive Officer for Financial Reporting must have, in addition to the integrity prescribed by the applicable law and regulations for those who carry out administrative and management functions, good professional standing demonstrated by specific expertise in administrative and accounting matters. Such expertise, to be ascertained by the Board of Directors, must be acquired through experience in a position of similar responsibility for an appropriate period of time. The Executive Officer for Financial Reporting has the powers and functions established by law and by other applicable provisions, in addition to those set down by the Board of Directors at the time of his/her appointment or by a subsequent vote.

9.7 COORDINATION OF THE PARTIES INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

In order to ensure continuous coordination between the various parties involved in the Internal Control and Risk Management System, the Issuer has specified that all periodic meetings shall be held at the same time and jointly between the Control and Risk Committee, the Internal Audit Manager, the Board of Statutory Auditors, the Executive Officer for Financial Reporting and the Supervisory Board. This makes it possible to optimize the efficiency of the Issuer's Internal Control and Risk Management System, including with a view to ensuring the timely exchange of information between all parties involved, while reducing the risk of any duplication of activities.

It should be noted that the Issuer has adopted measures to comply with the provisions of Article 15 of the Consob Market Regulation. More specifically, the Issuer (i) makes available to the public the accounting records prepared for the purpose of drawing up the consolidated financial statements of the subsidiaries incorporated and regulated by the law of non-EU countries of significant importance; (ii) has acquired the By-Laws from the aforementioned companies, in addition to the composition and powers of the corporate boards; and (iii) has ascertained that these companies provide the independent audit firm with the information it requires to carry out the audit of annual and interim reports and that they have an administrative and accounting system suitable to provide the management of SECO and the independent audit firm with the economic and financial data needed on a regular basis to prepare the consolidated financial statements. These measures adopted by the Issuer specifically concern the following subsidiaries established and regulated by the laws of non-EU countries of significant importance, as identified pursuant to the provisions of Title VI, Chapter II, of the Issuers' Regulation: (i) Fannal Electronics Co. Ltd, and (ii) SECO USA Inc. (previously InHand Electronics Inc.).

For further details about the information required under the ESRS Standards regarding the role and responsibilities of corporate Board concerning internal control systems and risk management including disclosure on sustainability, please refer to the Governance section of the Sustainability Statement (included in the annual financial statements available on the Issuer's website www.seco.com/it, "Corporate Governance/Shareholders' Meeting" section).

10. DIRECTORS' INTERESTS AND RELATED PARTY TRANSACTIONS

On March 10th, 2021, and in consideration of the Listing, the Board of Directors of the Issuer resolved to adopt a preliminary "Related Party Transactions Procedure" (the "**RPT Procedure**") by way of implementation of Article 2391-*bis* of the Civil Code, the RPT Regulation and Consob Communication No. DEM/10078683 of September 24, 2010,

containing indications and guidelines for application of the Consob Regulation, effective at the Trading Commencement Date. The same Board also established that, after the Trading Commencement Date, the RPT Procedure should be submitted for final approval to SECO's Board of Directors, subject to the opinion of the Related Party Transactions Committee.

On May 13, 2021, and with the favorable opinion of the Related Party Transactions Committee, the Board of Directors of the Issuer voted in favor of the final version of the RPT Procedure.

As indicated in paragraph 6 above, the Issuer's Board of Directors has established an internal Related Party Transactions Committee consisting of three Independent Directors, Valentina Montanari (Chairperson), Valentina Manfredi and Anna Zattoni. This Committee is tasked with the functions set out in the RPT Procedure.

Related Party Transactions Committee meetings lasted an average of 45 minutes. During the year, 6 (six) meetings of the Related Party Transactions Committee were held. Table 3 of Annex 1 of the Report shows the attendance of each member of the Related Party Transactions Committee meetings.

In addition, at least 3 (three) meetings are scheduled during the current year, 3 (three) of which has already been held as of the Reporting Date.

The meetings are generally coordinated by the Chairperson and minutes are regularly taken; the Chairperson reports to the Board of Directors at the next available meeting on the activities carried out.

There have been no changes in the composition of the Related Party Transactions Committee since the close of the financial year.

Where the nature, size and characteristics of the transaction requires, the Related Party Transactions Committee - or, where applicable, the parties replacing it - may appoint one or more independent experts of their own choice, at the expense of the Company, in order to obtain specific expert reports and/or fairness and/or legal opinions.

The RPT Procedure sets out the rules governing the procedures for identifying, approving and managing the Company's related party transactions in order to ensure the transparency and substantive and procedural fairness of related party transactions, whether carried out directly or through subsidiaries pursuant to Article 93 of the CFA or otherwise subject to management and coordination by SECO.

We also note that the Company, as a small sized company as per Article 3 of the RPT Regulation, applies to related party transactions - including significant transactions (as identified as per Annex 3 of the RPT Regulation) and as an exemption to Article 8 of the RPT Regulation - a procedure which takes into account the principles and rules of Article 7 of the same RPT Regulation.

For further information on the RPT Procedure, reference should be made to the procedure available on the website www.seco.com/it, in the *Corporate Governance/Documents and Procedures/Procedures* section.

The Board did not deem it necessary to adopt specific operational solutions to facilitate the identification and adequate management of situations in which a Director has an interest on his/her own behalf or on behalf of third parties. In this regard, the Board considered the existing controls adequate by virtue of the provisions under Article 2391 of the Civil Code ("Directors' interests"), which provides that each Director *"must inform the other Directors and the Board of Statutory Auditors of any interest that s/he may have, on his/her own behalf or on behalf of third parties, in a certain company transaction,*

specifying its nature, terms, origin and scope”.

11. BOARD OF STATUTORY AUDITORS

11.1 Appointment and replacement of Statutory Auditors

Pursuant to Article 24 of the By-Laws, the Board of Statutory Auditors consists of three Statutory Auditors and two Alternate Auditors.

The Statutory Auditors are appointed for a period of three years. Their mandate expires on the date of the Shareholders' Meeting called for the approval of the financial statements relating to the third year in office. These are eligible for re-election. The powers and duties of the Board of Statutory Auditors and of the Auditors are those laid down by law.

Persons who exceed the limits for the accumulation of offices, or for whom there are grounds for ineligibility or disqualification, or who do not comply with the requirements of independence, integrity and professionalism established by current legislation and regulations, cannot be elected as Auditors and, if elected, lapse from office. Pursuant to Article 24.2 of the By-Laws, for the purpose of determining the requirements of professionalism and good standing, matters relating to commercial law, corporate law, tax law, business economics, corporate finance, disciplines with a similar or comparable purpose, and matters and sectors pertaining to the Company's field of activity, are considered as strictly related to the Company's business.

The Statutory Auditors and the Alternate Auditors are appointed by the Shareholders' Meeting on the basis of slates of candidates submitted by the shareholders and filed at the Company's registered office within the terms of and in compliance with the applicable legal and regulatory provisions. Candidates must be listed on slates in sequential order.

Slates may be submitted by shareholders who, at the time of submitting the slate, own shares, alone or with others, representing at least the minimum percentage of the share capital with voting rights at the Ordinary Shareholders' Meeting as set down Consob, and which in any case will be indicated in the call notice. In this regard, it should be noted that as at the Reporting Date Consob has set the shareholding required to submit slates for the election of the Company's Board of Statutory Auditors at 2.50% of the share capital (see the Executive Determination of the Issuers Supervision Division of Consob No. 155 of January 27th, 2026).

Each shareholder, shareholders who are members of a shareholder agreement pursuant to Article 122 of the CFA, the parent company, the subsidiaries and those subject to joint control and any other party among which there is a connection, even indirectly, pursuant to the applicable law and regulations, may not submit or take part in the submission of more than one slate or vote for different slates, either directly or through a nominee or trust company.

Each candidate may run on one list only, on penalty of ineligibility.

Each slate bears the names, listed in sequential order, of a list of candidates not exceeding the number of members to be elected.

The slate is composed of 2 (two) sections: one for the candidates for the office of Statutory Auditor and the other for candidates for the office of Alternate Auditor.

The first candidate in each section must be a registered auditor and have practiced the profession of legal auditor for a period of no less than 3 (three) years. Should they not comply with this requirement, the other candidates must comply with the other professional requisites set out in the By-Laws and in the applicable legislation and

regulations.

In order to ensure gender balance, the slates containing a number of candidates equal to or greater than 3 (three) must also include both males and females, so that a number of candidates in accordance with Article 148, Paragraph 1-*bis* of the CFA - and with other relevant applicable provisions - belongs to the under-represented gender, with rounding off if there is a fractional number, according to the criterion specified by the same provisions.

The slates shall be accompanied by: (a) information concerning the identity of the shareholders who have submitted the slates, with an indication of the total percentage of the shareholding, together with certification issued by a broker authorized by law proving said ownership, it being understood that this certificate may be presented also after the slates have been filed, provided this is within the deadline set for the publication of the slates by the Company; (b) a statement by shareholders other than those who hold, including jointly, a controlling interest or a relative majority, certifying the absence of any connection, even indirect, with the latter, pursuant to the law and regulations in force at that time; (c) exhaustive information on the personal and professional characteristics of the candidates, with an indication as to the positions of administration and control held in other companies, as well as a declaration by those candidates certifying that they are in possession of the requisites, including those of good standing, professionalism, independence, and those relating to the accumulation of positions held, provided for by the law and other applicable regulations and by these By-Laws, and their acceptance of the nomination and of the position, if elected; (d) any other or differing statement, information and/or document provided for by the applicable law or regulations.

The slates submitted shall be filed at the Company's registered office, including by remote communication means as indicated in the call notice, and made available to the public according to the terms and methods provided for under the applicable laws and regulations.

If, on the expiry of the deadline set out under applicable legal and regulatory provisions for the presentation of the slates, only one slate, or only slates presented by shareholders who are connected with each other pursuant to the applicable legal and regulatory provisions, have been filed, then slates may still be presented until the subsequent deadline set out by the applicable regulations. In such an event, the percentage of shareholding in the Company's share capital required for submitting slates pursuant to this provision of the By-Laws is reduced to half.

In the event of failure to comply with the obligations set out in this Article, the slate shall be deemed not to have been submitted. However, lack of documentation relating to individual candidates on a slate does not imply the automatic exclusion of the entire slate, but only of those candidates who do not meet the requirements.

The Board of Statutory Auditors is appointed in accordance with the following provisions:

- a) 2 (two) Statutory Auditors and 1 (one) Alternate Auditor are chosen from the slate that has obtained the highest number of votes, in the order in which they are listed in the corresponding sections of the slate;
- b) the remaining Statutory Auditor and the remaining Alternate Auditor are chosen based on the progressive order in which they were listed in the corresponding sections of the slate that has obtained the second highest number of votes after the slate referred to in letter a) above, votes cast by shareholders who are not connected in any way, either directly or indirectly, pursuant to the legislation and

applicable regulations, with the shareholders who submitted or voted for the slate that obtained the highest number of votes.

In the event of parity between slates, the slate submitted by the shareholders holding the largest shareholding, or subordinately by the largest number of shareholders, shall prevail.

If, at the end of the vote and with the candidates duly elected, the composition of the Board of Statutory Auditors does not comply with applicable law and regulations on gender balance among the candidates for the position of Statutory Auditor, the candidate of the over-represented gender elected last in progressive order in the related section of the slate which obtained the highest number of votes shall be excluded, and replaced by the first unelected candidate of the same section of the under-represented gender according to the progressive order. At the end of this replacement procedure, should the composition of the Board of Statutory Auditors not comply with applicable law and regulations on gender balance, the replacement shall be carried out by means of a motion passed by the Shareholders' Meeting, subject to the presentation of candidates from the under-represented gender.

If the number of candidates elected on the basis of the slates submitted is lower than the number of Auditors to be elected, the remaining Auditors shall be elected by the Shareholders' Meeting with a majority of the votes cast and, in any case, in such a way as to ensure compliance with the applicable law and regulations on gender balance. In the event of a tie between multiple candidates, a further ballot shall take place and the candidate who obtains the highest number of votes shall be elected.

If only one slate is submitted, the Shareholders' Meeting shall vote on it and, if that slate obtains the majority of votes cast, all members of the Board of Statutory Auditors shall be taken from this slate, in compliance with the applicable law and regulations, including those concerning gender balance.

In the event that no slate is submitted, or if only one slate is submitted and does not obtain the majority of votes at the Meeting, or if the whole Board of Statutory Auditors is not to be renewed, or if it is not possible for any reason to appoint the Board of Statutory Auditors according to the procedures set out in paragraph 25.6 of the By-Laws, the members of the Board of Statutory Auditors shall be appointed by the Shareholders' Meeting according to the ordinary procedures and the majority of the votes cast, without application of the slate voting mechanism, and in any case so as to ensure compliance with the applicable law and regulations on gender balance and without prejudice to the provisions set out below.

If, during the financial year, a member of the Board of Statutory Auditors elected from the slate that obtained the highest number of votes can no longer perform their role, s/he shall be replaced, until the next Shareholders' Meeting, by the next Alternate Auditor in line on the same slate. If, during the financial year, the member of the Board of Statutory Auditors taken from a slate other than the one which obtained the highest number of votes can no longer perform their role, s/he shall be replaced, including as Chairperson of the Board of Statutory Auditors, until the following Shareholders' Meeting, by the first Alternate Auditor taken from the same slate.

If the mechanism for the replacement of the Alternate Auditors described above does not allow compliance with the applicable regulatory provisions on gender balance, the Shareholders' Meeting must be called as soon as possible to ensure compliance with said provisions.

If the Shareholders' Meeting is required by law to appoint the Statutory Auditors needed to integrate the Board of Statutory Auditors following termination of office, it shall

proceed in accordance with the provisions below. Should it become necessary to replace one or more members of the Board of Statutory Auditors taken from the slate that obtained the highest number of votes, the replacement shall be by the decision of the Ordinary Shareholders' Meeting, which shall decide by a majority of the votes represented therein, without any restrictions in the choice made from among the members of the slates submitted at the time.

Should it become necessary to replace a member of the Board of Statutory Auditors taken from a slate other than the one which obtained the highest number of votes, on the other hand, the Shareholders' Meeting shall select the replacement by means of a majority of votes cast therein, if possible from among the candidates indicated on the slate from which the Auditor to be replaced was nominated, and who confirmed his/her candidature in writing at least 20 (twenty) days prior to the date of the Meeting, accompanied by declarations confirming the absence of any reason for ineligibility or lapse of office, and confirming the existence of the requisites set out under applicable law and regulations or by the By-Laws with regard to the position in question. Should this replacement procedure not be possible, the Statutory Auditor is replaced by a resolution passed with a majority of the votes represented at the Meeting, with due regard for the representation of minority shareholders. All of the above shall be in compliance with the applicable laws and regulations concerning gender balance.

Pursuant to Article 25.6 of the By-Laws, the Chairperson of the Board of Statutory Auditors is the Statutory Auditor elected from the Minority Slate referred to in letter b) above, unless only one slate is voted for or no slate is submitted. In such cases, the Chairperson of the Board of Statutory Auditors is appointed by the Shareholders' Meeting based on the majority of the votes represented therein.

Pursuant to Article 25.9 of the By-Laws, a member of the Board of Statutory Auditors ceases to hold office if s/he no longer meets the requirements of the law and the By-Laws.

11.2 COMPOSITION AND OPERATION OF THE BOARD OF STATUTORY AUDITORS (PURSUANT TO ARTICLE 123-BIS, PARAGRAPH 2, LETTER D) AND D-BIS), CFA)

The meetings of the Board of Statutory Auditors may be held through teleconference and/or exclusively video conference, on the condition that: (a) the Chairperson and the secretary of the meeting are in the same location; and (b) all of the participants may be identified and they can follow the discussion, receive, transmit and view documents, interact verbally and in real time on all matters. Where all of the aforementioned conditions are complied with, the meeting shall be deemed to have been held where the Chairperson and the secretary are present.

The Board of Statutory Auditors of the Issuer in office as at the Reporting Date was appointed by the Ordinary Shareholders' Meeting on April 29th, 2024 and shall remain in office for three financial years, i.e. until the date of the Shareholders' Meeting called to approve the financial statements for the year.

The Board of Statutory Auditors was appointed through the list voting mechanism provided for in the Articles of Association, as explained in paragraph 11.1 above. In particular, out of the five members of the Board:

- (i) two standing members and one alternate member were elected from list no. 1, submitted by shareholders DSA S.r.l. and HSE S.r.l., who, as of the date of submission, represented 32.99% of the share capital, holding a total of 43,879,268

Diversity criteria and policies

It should be noted that the Company has adopted diversity criteria, including gender diversity in the composition of the Board of Statutory Auditors, in line with the primary objective of ensuring adequate competence and professionalism among its members. As of the Reporting Date, the Board of Statutory Auditors is composed of 40% of its members from the less represented gender.

As of the Reporting Date, taking into account (i) the structure and size of the Company, the qualitative and quantitative composition of the Board of Statutory Auditors, which ensures sufficient diversification in terms of skills, age, international experience, and gender, as well as (ii) the list voting mechanism provided in the Articles of Association, which in turn ensures a transparent nomination procedure and a balanced composition of the control body, the Issuer has not adopted a diversity policy with regard to the composition of the Board of Statutory Auditors currently in office.

The qualitative and quantitative composition of the Board of Statutory Auditors in office is, however, considered adequate in ensuring sufficient diversity in terms of skills, age and experience.

In fact, as regards the composition of the Board of Statutory Auditors in office, we note that: (i) it features diversity of age, as its members range between the ages of 66 and 53; (ii) all of its members are Chartered Accountants and Auditors.

For more information, please refer to the curriculum vitae of the Statutory Auditors illustrating their professional and personal characteristics, which can be found on the Issuer's website at www.seco.com/it, in the section "Investor Relations/Corporate Governance/Board of Statutory Auditors".

With regard to the induction program, see paragraph 4.3 of this Report.

It should also be noted that, at the March 16th, 2026 Board meeting, members of the Board of Directors and Board of Statutory Auditors had the opportunity to review and discuss the "CG Committee Recommendations for 2026" contained at the bottom of the CG Committee Chairperson's letter dated December 18th, 2025.

Independence

The Board of Statutory Auditors assesses the independence of its members - also based on the criteria set out in the CG Code with regard to Directors - after their appointment and subsequently, during their term of office, on an annual basis. In this regard, it should be noted that, as outlined in Section 4.7 above, on March 11th, 2024, the Company's Board of Directors adopted the Significance Criteria (as defined in Section 4.7), which therefore also apply to the Company's control board, with the necessary adaptations, as resolved by SECO's Board of Statutory Auditors. As noted above, any reference in that document to "Director" should be understood to refer to "Statutory Auditor" when the subject of assessment is the latter's independence.

The members of the Board of Statutory Auditors have declared that they meet the independence requirements pursuant to applicable laws and regulations.

On March 12nd, 2026, the Board of Statutory Auditors verified that its members continue to meet the independence requirements pursuant to Recommendations No. 6 and 9 of the CG Code and Article 148, paragraph 3 of the CFA, and transmitted the results of these

checks to the Board of Directors so that it could examine them before including the related information in the Report. It should be noted that, in carrying out the above assessments, all the information made available by each Statutory Auditor has been taken into account, by assessing all the circumstances that appear to compromise independence identified by the CFA, the CG Code and the Significance Criteria by applying all the criteria set out in the Code with regard to the independence of Directors.

The list of administration and control offices held by the members of the Board of Statutory Auditors, as at December 31, 2025, pursuant to Article 148-*bis* of the CFA and related implementing provisions (i.e. offices held in the companies referred to in Book V, Title V, Chapters V, VI and VII of the Civil Code), with evidence of whether or not the company in which the office is held is part of the Group contained in Table 6 attached as Annex 1 to the Report.

The complete list of offices held is published by Consob on its website pursuant to Article 144-*quinquiesdecies* of the Issuers' Regulation.

Remuneration

We note that the remuneration of the Statutory Auditors is commensurate with the commitment required, the importance of the role covered, and the size and sector of the Company.

In compliance with Recommendation 30 of the Corporate Governance Code, the Company considers that the remuneration of the Statutory Auditors as determined by the Shareholders' Meeting of April 29th, 2024 is appropriate with regard to the competence, professionalism and commitment required by the role held and the size and sector characteristics of the Company and its situation.

As regards the fees paid during the year to the supervisory boards for any reason and in any form, reference should be made to Section II of the Remuneration Report.

Management of interests

Inasmuch as it is deemed to be a deontological duty to inform the other Statutory Auditors and the Chairperson of the Board of Directors in the event that an Auditor, on his or her own behalf or on behalf of a third party, has an interest in a certain transaction of the Issuer, no specific obligation in this regard has been provided for. The Board reserves the right to adopt a procedure according to which any Statutory Auditor who, on his/her own account or on behalf of third parties, has an interest in a given transaction of the Issuer, shall promptly and exhaustively inform the other Statutory Auditors and the Chairperson of the Board about the nature, terms, origin and extent of his/her interest (in accordance with Recommendation 37 of the Corporate Governance Code).

In carrying out its activities, with particular reference to the Internal Control and Risk Management System, the Board of Statutory Auditors liaised with the Internal Audit Function and Control and Risk Committee. For more information on how this coordination takes place, refer to Section 9 above.

Finally, it should be underlined that the Board of Statutory Auditors has been assigned the functions of Internal Control and Audit Committee.

11.3 ROLE

The Board of Statutory Auditors monitors compliance with the law and the Articles of Association, ensures adherence to principles of correct administration, and specifically evaluates the adequacy of the organizational, administrative, and accounting structure adopted by the Company and its proper functioning.

During the Year, the Board of Statutory Auditors gathered the necessary information to carry out its supervisory duties by participating in meetings of the Board of Directors and the internal committees, as well as by listening to top management. For more information on the methods of such informational exchanges, please refer to the Report of the Board of Statutory Auditors, prepared by the same in accordance with Article 153 of the CFA, included in the documents attached to the financial statements for the year, available on the Issuer's website at www.seco.com/it, under the "Investor Relations/Corporate Governance/Shareholders' Meeting" section.

During the Year and in the context of its functions, the Board of Statutory Auditors carried out the following activities:

- (a) participated in meetings of the Shareholders' Meeting and the Board of Directors, monitoring compliance with the statutory, legislative, and regulatory provisions governing the functioning of corporate bodies, as well as adherence to the principles of correct administration.
- (b) supervised, within its competence, the adequacy of the Issuer's organizational structure and adherence to principles of correct administration, through direct observations, collection of information from heads of certain business functions, and meetings with the auditing firm.
- (c) evaluated and monitored the adequacy of the internal control system and the administrative and accounting system, as well as the reliability of the latter in accurately reflecting management activities, through information from the heads of various functions, examination of corporate documents, and analysis of the results of activities conducted by the auditing firm.
- (d) supervised the adequacy of the flow of information between the Issuer and its directly or indirectly controlled subsidiaries.
- (e) monitored compliance with obligations related to the Market Abuse Regulation and internal dealings, with particular reference to the handling of inside information and the procedure for disclosing press releases and information to the public, as well as safeguarding savings.

In carrying out its activities, and particularly with regard to the internal control system and risk management, the Board of Statutory Auditors reviewed: (i) periodic reports of the activities carried out by the Control and Risk Committee and the Internal Audit function, (ii) reports prepared at the conclusion of verification and monitoring activities by the Internal Audit function, (iii) periodic updates on the evolution of the risk management process, the results of monitoring and assessment activities carried out by the Internal Audit function, (iv) periodic reports on the activities carried out by the Supervisory Body, and the activity plan and budget allocated to it for the Year.

In carrying out these activities, the Board of Statutory Auditors coordinated with the Internal Audit function and the Control and Risk Committee. For more information on the methods of this coordination, please refer to Section 9 of this Report, as well as to the Report of the Board of Statutory Auditors for the Year.

For further information required under the ESRS Standards regarding the role and responsibilities of the Board of Statutory Auditors, including oversight of procedures to manage risks, impacts, and relevant opportunities, as well as the information provided and sustainability issues addressed by the Board of Directors, please refer to the Sustainability Report (available on the Issuer's website at www.seco.com/it, under the "Corporate Governance/Shareholders' Meeting" section).

12. RELATIONS WITH SHAREHOLDERS AND OTHER RELEVANT STAKEHOLDERS

Access to information

In compliance with the Recommendations contained in the Corporate Governance Code, the Issuer has created a dedicated section on its website (www.seco.com/it), where all information concerning the Issuer and the Group deemed relevant for its Shareholders and other relevant stakeholders, as well as required under the rules and regulations applicable to companies listed on a regulated market is made available to the public.

It should be noted that, at the Reporting Date, the Board of Directors of the Company appointed Mr. Clarence Nahan as Investor Relations Manager pursuant to Principle IV, Article I of the Corporate Governance Code.

The provision of information to investors and other relevant Stakeholders for the Issuer is also ensured by making the most relevant documentation available on the Company's website (www.seco.com/it), on a timely and ongoing basis.

Dialogue with Shareholders and other relevant stakeholders

The Company recognizes that it is in its own specific interest, and also its duty towards the market, to establish constant and ongoing dialogue with all shareholders and institutional investors based on a mutual understanding of roles, all in compliance with the legal provisions applicable to listed companies for the external disclosure of corporate documents and information.

At the Reporting Date, the Board of Directors adopted the shareholder and stakeholder communication policy.

Specifically, with the above policy the Issuer intends to enhance and foster discussion between the Company, the financial community and the markets by building, maintaining and developing a constant, proactive and trusting relationship with Shareholders and Stakeholders, promoting dialogue to help align the interests of the latter with those of the Company, promoting investment stability and the sustainable success of the Company and the Group in the medium/long term. The Company ensures constant dialogue with Shareholders and Stakeholders through multiple modes of interaction: (i) the Shareholders' Meeting; (ii) the dissemination of timely and comprehensive information on its activities; (iii) the website; (iv) events, roadshows, meetings (one-to-one and/or collective), company visits and conference calls with Shareholders and Stakeholders. For more information, please refer to shareholder communication policy, available on the Issuer's website in the *Investor Relations* Section.

For further information required under the ESRS Standards regarding how stakeholders' interests and opinion are taken into account in the business strategy and model, please refer to the Sustainability Statement (available on the Issuer's website at www.seco.com/it under the "Corporate Governance/Shareholders' Meeting" section).

13. SHAREHOLDERS' MEETINGS (AS PER ARTICLE 123-BIS, PARAGRAPH 1, LETTER L) AND PARAGRAPH 2, LETTER C), CFA)

The Shareholders' Meeting shall be called whenever the Board of Directors deems it appropriate or when it is required by law. The Ordinary Shareholders' Meeting for the approval of the financial statements must be called at least once a year, within one hundred and twenty days of the end of the financial year, or within one hundred and eighty days of the events provided for under Article 2364, Paragraph 2, without prejudice to any further term provided for by the applicable regulations.

The Shareholders' Meeting is called by means of a notification containing the information required under the applicable regulations. This notification is published in accordance

with the law on the Company's website and in the other ways provided for under the applicable regulations.

The Shareholders' Meeting may also be convened outside the registered office, provided that it is in a country of the European Union.

Ordinary and Extraordinary Shareholders' Meetings are normally held with a single call. However, the Board of Directors may decide that the Ordinary Shareholders' Meeting be held with two calls and the Extraordinary Shareholders' Meeting with two or three calls, applying the majorities respectively established by the applicable laws and regulations with reference to each of these cases. The decision taken in this regard shall be made known in the call notice.

The right to speak and be represented at the Shareholders' Meeting is regulated by the applicable laws and regulations.

The Shareholders' Meeting may be attended by those shareholders with voting rights and for whom the Company, in compliance with applicable laws and regulations, has received authorization from the intermediary pursuant to law. The Chairperson of the Meeting, who may be assisted by specially appointed persons, shall be responsible for ascertaining the rights of given parties to attend the Meeting and to resolve any disputes arising therefrom.

The Board of Directors may, where required, designate for each Meeting one or more individuals to whom those with voting rights may confer proxy pursuant to the applicable laws and regulations, providing information in accordance with said provisions.

The proxy for participation at the Meeting may be sent to the Company by certified e-mail in compliance with the applicable provisions.

Shareholders' Meetings are chaired by the Chairperson of the Board of Directors or, in his/her absence or impediment, by the Vice-Chairperson or one of the delegated Directors, if appointed and present. In their absence, the Shareholders' Meeting elects a Chairperson.

The Chairperson of the Shareholders' Meeting shall be assisted by a secretary (who need not be a shareholder) designated by the attendees, who may appoint one or more tellers. In the cases provided for by law, or when deemed appropriate by the Chairperson, the minutes shall be taken by a notary public chosen by the Chairperson, who shall act as secretary.

Those with the right to vote may submit questions regarding the matters on the Agenda, including before the Shareholders' Meeting, pursuant to Article 127-ter of the CFA. For questions submitted before the Shareholders' Meeting, responses will be given, at the latest, during the Meeting itself. The Company may provide a single reply to questions with the same subject matter. The call notice indicates the deadline by which questions submitted before the Shareholders' Meeting should reach the Company. The deadline may not be more than five trading days in advance of the Shareholders' Meeting in first or single call, or the record date pursuant to Article 83-sexies, paragraph 2 of the CFA (the end of the seventh trading day before the date of the Meeting) if the call notice stipulates that the Company provide a response before the Shareholders' Meeting to the questions received. In this latter case, the answers are provided at least two days prior to the Shareholders' Meeting, including by means of publication in a dedicated section of the Company's website. The voting right may also be certified after the submission of applications, provided that it is within the third day following the aforementioned record date.

For the validity of the constitution and the motions of the Meeting, both ordinary and extraordinary, the provisions of the applicable law shall apply. All motions of the Meeting must be minuted and signed by the Chairperson and the Secretary or by a notary chosen by the Chairperson in those cases provided for by the law (Article 13.4 By-Laws).

It should be noted that Article 12 of the Articles of Association, provides that the Board of Directors is entitled to establish, in the notice of the meeting, that participation in the Shareholders' Meeting, whether ordinary or extraordinary, and the exercise of voting rights in the same, may also take place exclusively through the designated agent of the Company pursuant to Article 135-undecies of the CFA ("**Designated Agency**").

For further information, please refer to the By-Laws available on the website www.seco.com/it in the *Corporate Governance/Articles of Incorporation and By-Laws* section.

One Shareholders' Meeting was held during the Year, on April 28th, 2025.

As provided forth by Article 12 of the Articles of Association, in the call notice for the Shareholders' Meeting provision was made for shareholders to attend the Shareholders' Meeting exclusively through the Designated Agent, pursuant to Article 135-undecies of the CFA. Consequently, shareholders with voting rights were not able to submit motions to the Shareholders' Meeting concerning items that were already on the Agenda.

As an exception to Article 135-undecies, Paragraph 4 of the CFA, anyone who did not make use of the Designated Agent could, alternatively, take part exclusively by conferring on the Designated Agent a proxy or sub-proxy pursuant to Article 135-novies of the Consolidated Finance Act, using the specific ordinary proxy/sub-proxy form containing voting instructions on all or some of the items on the Agenda.

Moreover, in view of the limitations related to health and safety requirements, participation in the Meeting by the entitled parties (members of the corporate boards and the Designated Agent) was also carried out remotely, in compliance with the regulatory provisions applicable for such eventualities.

14. FURTHER CORPORATE GOVERNANCE PRACTICES (pursuant to Article 123-bis, paragraph 2, letter a), second section, CFA)

The Company has not adopted any corporate governance practices in addition to those required under applicable laws and regulations.

15. CHANGES SUBSEQUENT TO THE YEAR-END.

There were no changes in the corporate governance structure of the Company between the end of the financial year and the Reporting Date.

16. CONSIDERATIONS ON THE LETTER OF DECEMBER 14, 2023 OF THE CHAIRPERSON OF THE CORPORATE GOVERNANCE COMMITTEE

The letter dated December 18th, 2025, from the Chairperson of the Corporate Governance Committee to the Chairpersons of the Boards of Directors of Italian listed companies, was brought to the attention of the Board of Statutory Auditors, the Appointments and Remuneration Committee, the Control and Risk Committee, and the Board of Directors of the Issuer at the meeting held on March 16th, 2026.

It should be noted preliminarily that in order to implement the CG Committee's Recommendations for 2026, the Issuer has highlighted in summary form the essential information on the specific CG Code recommendations, including, in the Annex to the Report, a table indicating its application, disapplication or non-applicability for each provision.

The Board of Directors noted the analysis and recommendations contained in the letter and noted:

- an overall adequacy with respect to the provisions regarding potential extraordinary payments and/or end-of-office indemnities for executive directors, which are deemed consistent with the principle of measurability and therefore do not require amendments to the remuneration policy. In this regard, reference is made in particular to Section I, letter f), of the Remuneration Report, included within the annual financial report available on the Issuer's website at www.seco.com/it, under the 'Investors / Corporate Governance' section."
- an overall compliance of the policy managing dialogue with shareholders and stakeholders with the general criteria set out in the letter, as it is characterized by a transparent, structured approach aligned with best governance practices. This procedure, adopted by the Company on March 9th, 2023, defines responsibilities, communication tools, transparency criteria and operating methods for such dialogue, in line with the relevant recommendations. For further information, reference is made to the policy managing dialogue with shareholders and stakeholders, available on the Issuer's website at www.seco.com/it, under the 'Investors / Corporate Governance Documents and Procedures / Procedures' section.
