Explanatory Report by the directors on the fifth item on the agenda of the shareholders' meeting convened in an ordinary session for 15 May 2026, in a single call.

Fifth item on the agenda – Authorisation for the purchase and disposal of treasury shares pursuant to Articles 2357, 2357-ter of the Italian Civil Code, Article 132 of Legislative Decree No. 58 of 24 February 1998 and Article 144-bis of the Consob regulation adopted by resolution No. 11971 of 14 May 1999, subject to revocation, for the part that remains unfulfilled, of the authorisation resolution passed by the Ordinary Shareholders' Meeting on 8 May 2025. Related and consequent resolutions.

Dear Shareholders,

The Board of Directors has called you to an Ordinary Shareholders' Meeting to examine and approve the proposal to authorise the purchase and disposal of the Company's ordinary shares, pursuant to the combined provisions of Articles 2357 and 2357-ter of the Italian Civil Code, as well as Article 132 of Legislative Decree no. 58 of 24 February 1998, as subsequently amended (the "**CFA**") and Article 144-bis of the Consob Regulation adopted by Resolution no. 11971 of 14 May 1999, as subsequently amended (the "**Issuers' Regulation**"), without prejudice to the application – to the extent applicable - of Regulation (EU) no. 596 of 16 April 2014 on market abuse (the "**MAR**"), Delegated Regulation (EU) no. 1052 of 8 March 2016 on the conditions applicable to share buybacks and stabilisation measures (the "**Delegated Regulation**"), as well as any market practices permitted from time to time, including, but not limited to, the permitted practice set forth in the resolution of the Commissione Nazionale per le Società e la Borsa ("**Consob**") no. 21318 of 7 April 2020 (the "**Permitted Practice**").

It should be noted that by a resolution passed on 8 May 2025, the Shareholders' Meeting had authorised the purchase and disposal of the Company's ordinary shares by the Board of Directors. The authorisation to purchase was granted for a duration of 18 months from the date of the resolution and, therefore, will expire on 8 November 2026, while the authorisation to dispose was granted without a time limit.

Following the purchases made and the allotment of shares under the 2023-2025 LTI Plan on 10 April 2026, as of the date of this report the Company holds a total of 1,717,199 treasury shares, equal to 0.91% of the share capital.

Furthermore, on 13 April 2026, the Company's Board of Directors announced, pursuant to Article 102 of the CFA and Article 37 of the Issuers' Regulation, its decision to launch a voluntary partial public tender offer pursuant to Articles 102 et seq. of the CFA for a maximum of 23,255,813 of the Company's treasury shares, representing approximately 12.29% of the share capital (the "**Offer**"). The Offer is conditional, *inter alia*, upon the Shareholders' Meeting approving the authorisation to purchase the treasury shares referred to in this report.

In view of the Board of Directors' decision to launch the Offer and, more generally, of the advisability of renewing the authorisation, it is proposed to submit a new authorisation to the Board of Directors for the purchase and disposal of the Company's ordinary treasury shares for approval by the Shareholders' Meeting, under the terms described in this Report, prepared pursuant to Article 125-ter of the CFA and Article 73 of the Issuers' Regulation, subject to revocation of the current authorisation for the part that has not been implemented. The new authorisation is necessary, *inter alia*, because the authorisation approved by the Shareholders' Meeting on 8 May 2025 provides that the purchase of treasury shares may take place exclusively in accordance with the procedures set out in Article 144-bis, paragraph 1, letters b) and c), of the Issuers' Regulation, and not through a public tender offer pursuant to Article 144-bis, paragraph 1, letter a), of the Issuers' Regulation, as in the case of the Offer.

1. Reasons for which authorisation is requested for the purchase and disposal of treasury shares.

The purpose of the request for authorisation to purchase and dispose of treasury shares, which is the subject of this proposal, is to allow the Company to purchase and dispose of ordinary shares, in accordance with the procedures prescribed by current EU and national legislation, for the purposes permitted by law, which include:

- (i) supporting liquidity and market efficiency;
- (ii) to build up a portfolio of treasury shares (so-called “*magazzino titoli*” or “treasury stock”) with the aim of retaining such shares for subsequent use, including: payment in transactions relating to the Company’s core business or to projects consistent with the strategic objectives the Company intends to pursue, including extraordinary financial transactions, such as exchange or sale of equity investments to be realised through an exchange, contribution or other act of disposal and/or use, with other parties, including the allotment to service bonds convertible into shares of the Company or bonds with warrants, or other uses deemed to be of financial, operational and strategic interest to the Company; and
- (iii) use for the purpose of compensation plans based on financial instruments pursuant to Article 114-*bis* of the CFA in favour of directors, employees or collaborators of the Company and/or its subsidiaries, as well as programmes for the free assignment of shares to Shareholders.

With particular reference to the reasons that led the Board of Directors to launch the Offer, please refer to the notice issued by the Company pursuant to Article 102 of the CFA and Article 37 of the Issuers’ Regulation on 13 April 2026 (the “**Notice pursuant to Article 102 of the CFA**”) (available, *inter alia*, on the Company’s website at www.gvs.com/it/investor-relations – “Voluntary partial public tender offer” section) and to the offer document to be published by the Company in the manner and within the time limits provided for by applicable legislation.

Given also that the maximum number of the Company’s shares for which authorisation to purchase is sought exceeds the number of shares covered by the Offer, the request for authorisation envisages the power of the Board of Directors to carry out repeated purchase and sale transactions (or other acts of disposal) of treasury shares also on a rotating basis, even for fractions of the maximum quantity authorised, so that, at all times, the quantity of shares subject to the proposed purchase and in the ownership of the Company does not exceed the limits envisaged by the law and by the authorisation of the Shareholders’ Meeting and in any case such purchase is carried out in compliance with the Issuers’ Regulation and, where applicable, the MAR and/or the Permitted Practice.

It is, of course, understood that until the settlement date of the Offer, the Company will not make any purchases of treasury shares under this authorisation (if approved by the Shareholders’ Meeting) outside the Offer.

2. Maximum number, type and nominal value of the shares to which the authorisation refers.

Pursuant to Article 2357, paragraph 3, of the Italian Civil Code, authorisation is required for the purchase, even in one or more tranches, of GVS ordinary shares with no par value, up to a maximum number which, taking into account the ordinary GVS shares held over time in the portfolio by the Company and its subsidiaries, is not in total greater than 20% of the share capital and, therefore, within the limits of Article 2357, paragraph 3, of the Italian Civil Code; while for purchases made in accordance with Article 144-*bis*, paragraph 1, letter c) of the Issuers’ Regulation, up to a maximum number which, overall, does not exceed 5% of the share capital.

At the date of this report, the subscribed and paid-up share capital of GVS amounts to Euro 1,891,776.93 and is divided into 189,177,693 ordinary shares with no indication of nominal value. At the date of this report, (i) the Company holds 1,717,199 treasury shares, representing 0.91% of the share capital; and (ii) the subsidiaries of GVS do not hold any shares in the Company.

3. Information relevant for a complete assessment of compliance with the provision of Article 2357, paragraph 1, of the Italian Civil Code.

In compliance with Article 2357, paragraph 1, of the Italian Civil Code, purchases of treasury shares must in any case take place within the limits of the distributable profits and the unrestricted reserves, as resulting from the last financial statements approved at the time of each operation. Only fully paid-up shares may be purchased.

The Board of Directors will be required to verify compliance with the limits set forth in Article

2357 of the Italian Civil Code prior to the commencement of each purchase of ordinary shares for the purposes indicated in paragraph 1 above. In order to allow for verifications on the subsidiaries, specific directives will be given to the latter for the timely communication to the Company of any purchase of ordinary shares of the parent company made pursuant to Article 2359-*bis* of the Italian Civil Code.

The provisions of the law and the accounting standards applicable over time must be observed for the purposes of accounting entries to be made on the purchase of shares, their sale, exchange, contribution or devaluation. In the event of sale, exchange, contribution or devaluation, the corresponding amount may be reused for further purchases, until the expiry of the term of the authorisation decided by the Shareholders' Meeting, within the conditions, quantity and expense limits set by the same Shareholders' Meeting.

4. Duration for which the authorisation is requested.

The authorisation to purchase treasury shares is requested for the maximum duration allowed by law, as set forth in Article 2357, paragraph 2, of the Italian Civil Code as a period of eighteen months, starting from the date of any resolution of approval of this proposal by the Shareholders' Meeting.

Within the term of any authorisation granted, the Board of Directors may then make share purchases on one or more occasions and at any time, to an extent and at times freely determined, in accordance with applicable regulations, with such gradualness as it deems appropriate in the interests of the Company.

Authorisation for the disposal and/or use of treasury shares held in treasury or that may be purchased is instead requested without time limits, due to the absence of time limits pursuant to current regulations and the opportunity to allow the Board of Directors maximum flexibility, also in terms of timing, to carry out the acts of disposal of the shares.

5. Minimum and maximum amount of treasury shares to be purchased.

With regard to the consideration for the purchase of treasury shares to be carried out, pursuant to Article 144-*bis*, paragraph 1, letter a), of the Issuers' Regulation, as part of the Offer (should it be successfully completed), the consideration will be equal to Euro 4.30 per share. For further details, please refer to the Notice pursuant to Article 102 of the CFA (available, *inter alia*, on the Company's website at www.gvs.com/it/investor-relations – "Voluntary partial public tender offer" section) and to the offer document to be published by the Company in the manner and within the time limits provided for by applicable legislation.

With regard to any purchases that may be made outside the Offer and, in any event, following the completion and/or withdrawal of the Offer, the Board of Directors proposes that the purchase price of each share should not be less than the official stock exchange price of GVS shares on the day prior to the day on which the purchase transaction is to be carried out (or on which the intention to proceed with the purchase is communicated in the case referred to in Article 144-*bis*, paragraph 1, letter a), of the Issuers' Regulation), less 20%, and not more than the official stock exchange price on the day prior to the day on which the purchase transaction is to be carried out (or on which the intention to proceed with the purchase is communicated in the case referred to in Article 144-*bis*, paragraph 1, letter a), of the Issuers' Regulation), plus 20%, in compliance in any case with the terms and conditions established by the MAR and the Permitted Practice, where applicable.

The Board of Directors proposes to be authorised to sell, dispose of and/or use, pursuant to Article 2357-*ter* of the Italian Civil Code, for any reason and at any time, in whole or in part, on one or more occasions, the treasury shares in portfolio and those purchased in implementation of the authorisation that may be granted by the Shareholders' Meeting, for the purposes indicated in paragraph 1 above, according to the methods, terms and conditions determined over time by the Board of Directors, having regard to the methods of implementation actually employed, the performance of GVS share prices and the best interest of the Company, it being understood that

the proceeds of any act of disposal of treasury shares may be used for further purchases of shares, until the expiry of the authorisation requested by the Shareholders' Meeting, within the limits provided for by this authorisation and by the regulations in force.

6. Methods by means of which purchases and disposals will be carried out.

Share buy-back transactions may be carried out, including on one or more occasions: (i) through public tender offers and exchange offers pursuant to Article 144-*bis*, paragraph 1, letter (a) of the Issuers' Regulation (including the Offer); (ii) on regulated markets and/or multilateral trading facilities, in accordance with the operating procedures established in the regulations for the organisation and management of the markets themselves pursuant to Article 144-*bis*, paragraph 1, letter b), of the Issuers' Regulation; and (iii) through the purchase or sale of derivative instruments on GVS shares pursuant to Article 144-*bis*, paragraph 1, letter c), of the Issuers' Regulation, all as determined from time to time in compliance with current legislation and, in particular, with Article 132 of the CFA, with particular reference to the principle of equal treatment of Shareholders, with the Community and national legislation on market abuse in force over time and, therefore, among other things, with the MAR and the Permitted Practice.

With regard to any purchases of treasury shares that may be completed as part of the Offer, it should be noted that, given the voluntary and partial nature of the Offer, the allotment criteria may apply; reference is made to the Notice pursuant to Article 102 of the CFA (available, *inter alia*, on the Company's website at www.gvs.com/it/investor-relations – "Voluntary partial public tender offer" section) and to the offer document to be published by the Company in the manner and within the time limits provided for by applicable legislation.

The Board of Directors proposes that treasury share transactions be carried out in any manner deemed appropriate in the interest of the Company, in compliance with the laws and regulations in force at the time and in pursuit of the purposes of this proposed resolution, including sales on regulated markets, in blocks and by means of exchange or stock lending or free assignment.

7. Information on the instrumental nature of the purchase to a reduction of capital.

It should be noted that the purchase of treasury shares that is the subject of this request for authorisation is not instrumental to the reduction of the share capital through the cancellation of the treasury shares purchased, without prejudice to the Company's right, should the Shareholders' Meeting resolve in the future to reduce the share capital, to carry out this reduction also through the cancellation of the treasury shares held in the portfolio.

Resolutions proposed by the Board of Directors
