**Nerio Alessandri, Founder and Chief Executive Officer**, commented: *“Ten years after our listing on the Stock Exchange, Technogym continues to record double-digit growth. We are proud of the journey that has allowed us to keep the promise made to our investors on May 3, 2016, the first day of Technogym's listing on the Borsa Italiana.*

*The first quarter of this year marked an important milestone: we were, for the tenth time, Official Suppliers of the Olympic and Paralympic Games. At Milano Cortina 2026 we have set up 22 athletic training centers with the latest technology for Olympic and Paralympic athletes.*

*Innovation and commitment to spreading the culture of wellness have always been at the center of our growth strategy, as demonstrated by the recent launch of Sand Stone, the new complete product range for wellness luxury living, the completion of the Pure Strength line for strength training and the agreement with Google to enhance our Technogym AI Ecosystem with new services for consumers and industry operators.*

*On the ESG front, Technogym confirms its commitment to sustainability with the activation of the photovoltaic system capable of producing up to 100% of the Technogym Village's energy needs and the inclusion of Technogym in the Dow Jones Best in Class Index 2026.*

*Despite market difficulties and rising costs due to ongoing conflicts, Technogym continues to invest across the board to seize the potential of the prevention, sports, and healthy longevity markets.”*

**Cesena (Italy) May 6th, 2026** – The Board of Directors of Technogym S.p.A. approved the consolidated revenue for the first three months of 2026.

### **Revenue results as of March 31<sup>st</sup> 2026**

Consolidated revenues have been prepared in compliance with the International Reporting Standards issued by the International Accounting Standards Board.

Total revenues for the fiscal year amounted to € 236.8 million, representing an increase of +10.1% (+12.6% at constant exchange rates) compared to the same period in 2025, driven by strong growth in both the consumer and commercial segments, with the latter delivering double-digit growth.

It is important to note that this growth was broad-based, with revenues increasing across all geographic regions, despite adverse foreign exchange impacts and a challenging comparison against a double-digit growth performance in 2025.

A brief overview of consolidated revenues, based on customer categories, geographical area and distribution channels is provided below.

### **Revenue by customer segments**

<i>(In thousands of Euro and percentage of variation year over year)</i>	<b>Data as of March 31<sup>st</sup></b>			
	<b>2026</b>	<b>2025</b>	<b>2026 vs 2025</b>	<b>%</b>

<b>Total revenues</b>	<b>236,778</b>	<b>215,013</b>	<b>21,765</b>	<b>10.1%</b>

As of March 31<sup>st</sup>, 2026 revenue grew both in the BtoB (+10.8%), and in the BtoC segments (+7.9%), confirming the successful Technogym strategy based on the wellness-on-the-go, which ensures a significant flexibility to the business model.

### **Revenue by geographical areas**

<i>(In thousands of Euro and percentage of variation year over year)</i>	<b>Data as if March 31<sup>st</sup></b>			
	<b>2026</b>	<b>2025</b>	<b>2026 vs 2025</b>	<b>%</b>

<sup>(1)</sup> "Americas" includes both North America and LATAM

In the quarter Technogym recorded growth in all the geographies, as happened throughout 2025. Europe continued to grow, thanks to a well distributed performance in the related countries, while Italy grew even more, confirming the penetration opportunities for the Group in the upcoming years on a worldwide level. MEIA performance was also noticeable despite the geopolitical tensions as well as Americas, despite the unfavorable exchange rates.

## Revenue by distribution channel

<b>Total revenues</b>	<b>236,778</b>	<b>215,013</b>	<b>21,765</b>	<b>10.1%</b>

As per the revenue trend by distribution channel, it was a great quarter for the Wholesale channel due to its improved productivity and market coverage.
