Disclaimer

This report contains forward looking statements (“Outlook”) relating to future events and the Amplifon Group’s operating, economic and financial results. These forecasts, by definition, contain elements of risk and uncertainty, insofar as they are linked to the occurrence of future events and developments. The actual results may be very different with respect to the original forecast due to several factors, the majority of which are out of the Group’s control.

PREFACE

This Interim Financial Report as at 31 March 2026 was prepared in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) endorsed by the European Union and should be read together with the Group's consolidated financial statements as at and for the year ended 31 December 2025 that includes additional information on the risks and uncertainties that could impact the Group's operating results or its financial position.

INTERIM MANAGEMENT REPORT AS AT

31 MARCH 2026

HIGHLIGHTS

In the first three months of 2026 Amplifon Group's revenues amounted to €580 million, with the return to a solid organic growth, to which all regions contributed in an improving market environment, was more than offset by the negative impact of the streamlining and reorganization called for under the *Fit4Growth* program (including the termination of the managed care contract in the United States and the disposal of the businesses in the United Kingdom) and the negative exchange differences.

The main economic and financial indicators used by Top management to monitor the Group's economic and financial performance as alternatives to the indicators defined or specified in the applicable financial reporting framework are reported in this section. In order to facilitate understanding of the Group's economic and financial performance, the directors identified certain Alternative Performance Measures (APMs). The following information is provided with a view to a correct interpretation of these APMs:

- the APMs are built based on historical data and are not indicative of the Group's future performance. More specifically, they are taken from the Group's consolidated financial statements;
- where applicable, the APMs are determined in accordance with the ESMA Guidelines on Alternative Performance Measures of 5 October 2015 (2015/1415) as per CONSOB Notice n. 92543 of 3 December 2015, the ESMA Guidelines on Alternative Performance Measures (APMs) of 17 April 2020 and Section 3 of ESMA's "European common enforcement priorities for 2022 annual financial reports of 28 October 2022";
- the APMs are not regulated by the International Financial Reporting Standards (IFRS) applied by the Group and, while based on the Group's consolidated financial statements, they are not subject to any audits or limited review by the external auditors;
- the APMs should not be viewed as substitutes for the indicators called for under the IFRS;
- the financial information included in the Group's consolidated financial statements should be taken into account when making any interpretations of these APMs;
- as the APMs used by the Group are not based on specific accounting standards, they could differ from those used by other groups and, therefore, are not comparable;
- the APMs used by the Group are consistent across all the reporting periods for which financial information is provided in this document.

These "Adjusted" components can be grouped into the following categories, as identified by the top management:

- Transaction and integration costs for the acquisition of GN Hearing;
- Transaction and integration costs for other acquisitions and changes (positive or negative) in earn-out;
- Charges and write-off related to corporate and network reorganization, as well as other efficiency projects and changes in Top management;
- Gain and loss on disposal of assets and/or businesses, write-off and revaluation of fixed assets;
- Amortization of fixed assets accounted in phase of Purchase Price Allocation;
- Financial income (loss) related to inflation accounting (IAS 29) and Fair Value changes resulting from modifications and/or non-cash accretion of financial liabilities (IFRS 9);
- Other unusual, infrequent or unrelated income and expenses above an amount of €1m in a quarter, or above €2m across multiple quarters.

The Alternative Performance Measures identified by the Group can be defined as follows:

- **Gross operating profit (EBITDA)** represents the Net profit (loss) attributable to the Group adjusted by: i) current and deferred income taxes; ii) financial income, expenses and value adjustments to financial assets; iii) amortization, depreciation and impairment.
- **Gross operating profit (EBITDA) Adjusted** represents the Net profit (loss) attributable to the Group adjusted by: i) current and deferred income taxes; ii) financial income, expenses and value adjustments to financial assets; iii) amortization, depreciation and impairment; iv) items (income and expenses) that are unusual, infrequent or not related to the operating performance.

- The **net financial debt** represents the Group's net financial debt determined in accordance with the ESMA guideline 32-382-1138 of 4 March 2021 and CONSOB's Warning Notice n. 5/21 of 29 April 2021.
- **Net financial indebtedness excluding lease liabilities** is the net financial indebtedness, excluding lease liabilities and short-term investments not cash equivalents.
- **Net financial indebtedness excluding lease liabilities/Net Equity** is the ratio of net financial indebtedness, excluding lease liabilities and short-term investments not cash equivalents, to total net equity.
- **Net financial indebtedness excluding lease liabilities/Group Net Equity** is the ratio of net financial indebtedness, excluding lease liabilities and short-term investments not cash equivalents, to the Group's net equity.

- **Net financial indebtedness excluding lease liabilities/EBITDA for the leverage calculation** is the ratio of net financial indebtedness, excluding lease liabilities and short-term investments not cash equivalents, to EBITDA for the last four quarters (determined with reference to usual, frequent or related to the operating performance operations only, based on pro forma figures in case of significant changes to the structure of the Group).

The breakdown of the calculation of the indicator is shown below:

(€ thousands)	First three months 2026
Group EBITDA Q1 2026	131,895
Group EBITDA April – December 2025	370,849
Fair value of stock grant assignment	5,148
EBITDA normalized (from acquisitions and disposals)	4,357
Items (income and expenses) that are unusual, infrequent or not related to the operating performance April 2025 – March 2026	39,092
EBITDA for the leverage calculation	551,341

- **Earnings per share (EPS) (€)** is the Net profit (loss) attributable to the Group divided by the weighted average number of shares outstanding during the period, considering purchases and sales of treasury shares as cancellations or issues of shares, respectively.
- **Diluted earnings per share (EPS) (€)** is the Net profit (loss) attributable to the Group divided by the weighted average number of shares outstanding during the period adjusted for the dilution effect of potential shares. In the calculation of outstanding shares, purchases and sales of treasury shares are considered as cancellations and issues of shares, respectively.
- **Earnings per share (EPS) Adjusted (€)** is the Net profit (loss) attributable to the Group Adjusted divided by the weighted average number of outstanding shares in the period adjusted to reflect the amortization of purchase price allocations. When calculating the number of outstanding shares, the purchases and sales of treasury shares are considered cancellations and share issues, respectively.
- **Group Net Equity per share (€)** is the ratio of Group equity to the number of outstanding shares.
- **Period-end price (€)** is the closing price on the last stock exchange trading day of the period.
- **Highest price (€)** and **lowest price (€)** are the highest and lowest prices from 1st January to the end of the period.
- **Share price/Net equity per share** is the ratio of the share closing price on the last stock exchange trading day of the period to net equity per share.
- **Market capitalization** is the closing price on the last stock exchange trading day of the period multiplied by the number of outstanding shares.
- **The number of shares outstanding** is the number of shares issued less treasury shares.

Revenues from sales and services

(€ thousands)	First three months 2026	First three months 2025	Change	Change %
Revenues from sales and services	579,764	587,790	(8,026)	-1.4%

Consolidated revenues from sales and services amounted to €579,764 thousand in the first quarter of 2026, a decrease (-1.4%) compared to the first quarter of 2025.

The positive contributions of a return of a solid organic performance (€13,052 thousand or +2.2%) and acquisitions (€6,038 thousand or +1.0%) were more than offset by the negative impact (€13,952 thousand or -2.4%) of the streamlining and reorganization called for under the *Fit4Growth* program (including the termination of the managed care contract in the United States and the disposal of the businesses in the United Kingdom) and the negative exchange differences of €13,164 thousand (-2.2%).

In particular, the Americas and APAC region recorded a solid organic growth well-above the market and well balanced across the various segments and markets, while organic performance in the EMEA region, although positive and showing gradual improvement during the quarter, was still affected by market environment weakness.

The breakdown of revenues from sales and services by geographic area is shown below.

Gross operating profit (EBITDA) amounted to €131,895 thousand in the first three months of 2026, a decline of €8,901 thousand (-6.3%) with respect to the comparison period. The EBITDA margin came to 22.7%, 1.3 p.p. lower than in the comparison period.

The result for the reporting period was affected for €9,862 thousand by items (income and expenses) that are unusual, infrequent or not related to the operating performance, detailed in the section on Alternative Performance Indicators to which reference is made, mainly attributable to GN Hearing's acquisition costs and the streamlining and reorganization called for under the *Fit4Growth* program. The impact of these items amounted to €440 thousand in the first quarter of 2025.

Net of these items, adjusted EBITDA came to €141,757 thousand in the first three months of 2026, an increase of €1,401 thousand (+1.0%) against the comparison period. The EBITDA adjusted margin was 0.6 p.p. higher than in the comparison period, coming in at 24.5%.

The increase with respect to the comparison period is mainly attributable to the strong early results of the *Fit4Growth* program and after ongoing investments in marketing to further strengthen the Group's distinctive assets.

Non-Current Assets

Non-current assets amounted to €3,083,317 thousand as at 31 March 2026, an increase of €28,387 thousand with respect to the €3,054,930 thousand recorded as at 31 December 2025.

The changes in the period are explained by:

- €5,852 thousand, by acquisitions;
- €34,698 thousand, by right-of-use assets acquired in the reporting period and for the renewal of existing leases and network expansion;
- €21,411 thousand, by investments in plant, property and equipment (for €9,287 thousand) relating primarily the renewal and relocations of existing clinics, as well as the purchase of hardware needed to implement Group IT projects, and in intangible assets (for €12,124 thousand) relating to the development of IT systems, new front-office solutions, and the ongoing implementation and standardization of the Group's cloud-based ERP system;
- €75,392 thousand, by amortization, depreciation and impairment, including amortization of the right-of-use assets and the amortization of intangible assets allocated as a result of business combinations;
- €41,818 thousand, by the positive impact of exchange differences, which had the largest impact on goodwill;

The breakdown of non-current assets by geographic area is shown below.

Europe, Middle East and Africa

Non-current assets amounted to €1,879,295 thousand as at 31 March 2026, a decrease of €13,000 thousand with respect to the €1,892,295 thousand recorded as at 31 December 2025.

The change is explained for:

- €4,453 thousand, by acquisitions made in the reporting period;
- €22,538 thousand, by right-of-use assets acquired in the year as a result of the renewal of existing leases and network expansion;
- €15,213 thousand, by investments in plant, property and equipment (per €6,359 thousand) and in intangible assets (per €8,854 thousand);
- €52,944 thousand, by amortization, depreciation and impairment, including amortization of the right-of-use assets and the amortization of intangible assets allocated as a result of business combinations;
- for €2,579 thousand, by decreases mainly attributable to the early lease terminations (€2,952 thousand) due to clinics' relocation and closure of clinics attributable to the Fit4Growth program.

Americas

Non-current assets amounted to €448,795 thousand as at 31 March 2026, an increase of €5,391 thousand with respect to the €443,404 thousand recorded as at 31 December 2025.

The change is explained for:

- €1,399 thousand, by acquisitions made in the reporting period;
- €782 thousand, by right-of-use assets acquired in the year as a result of the renewal of existing leases and network expansion;
- €3,121 thousand, by investments in plant, property and equipment (for €1,312 thousand) and in intangible assets (for €1,809 thousand) relating to development of IT system in the US subsidiaries;
- €9,272 thousand, by amortization, depreciation and impairment, including amortization of the right-of-use assets and the amortization of intangible assets allocated as a result of business combinations;
- €9,361 thousand, by positive changes mainly attributable to exchange rate fluctuations, with a predominant impact on goodwill, net of early terminations (€198 thousand) of lease contracts following the closure of hearing care centres under the Fit4Growth program.

Asia Pacific

Non-current assets amounted to €755,227 thousand as at 31 March 2026, an increase of €35,996 thousand with respect to the €719,231 thousand recorded as at 31 December 2025.

The change is explained for:

- €13,290 thousand, by right-of-use assets acquired in the year as a result of the renewal of existing leases and network expansion;
- €3,077 thousand, by investments in plant, property and equipment (for €1,461 thousand) and in intangible assets (for €1,616 thousand);
- €13,176 thousand, by amortization, depreciation and impairment, including amortization of the right-of-use assets and the amortization of intangible assets allocated as a result of business combinations;
- €32,805 thousand, by positive changes mainly attributable to exchange rate fluctuations, with a predominant impact on goodwill, net of early terminations (€2,618 thousand) of lease contracts following the closure of hearing care centres under the Fit4Growth program.

Net invested capital

Net invested capital amounted to €2,577,859 thousand as at 31 March 2026, an increase of €47,535 thousand against the €2,530,324 thousand recorded as at 31 December 2025.

The increase is mainly attributable to the variation of the non-current assets above mentioned and to the increase of working capital.

The breakdown of net invested capital by geographic area is shown below.

Europa, Middle East and Africa

Net invested capital came to €1,479,734 thousand as at 31 March 2026, a decrease of €8,742 thousand against the €1,488,476 thousand recorded as at 31 December 2025.

This change is attributable to the decrease in non-current assets described above, partially offset by an increase in working capital, which includes the reduction in assets and liabilities held for sale following the disposals of the subsidiary Amplifon United Kingdom Limited and the stake in the joint venture Comfoor B.V. in the first quarter of 2026.

Factoring without recourse in the reporting period, through premier factoring companies, involved trade receivables with a face value of €59,657 thousand (€58,009 thousand in the same period of the prior year) and VAT credits with a face value of €11,628 thousand (€13,213 thousand in the same period of the prior year).

Americas

Net invested capital came to €378,802 thousand as at 31 March 2026, an increase of €18,440 thousand against the €360,362 thousand recorded as at 31 December 2025.

In addition to the increase in non-current assets described above, there was an increase in working capital mainly due to an higher decrease of trade payables.

Factoring without recourse in the reporting period, through premier factoring companies, involved trade receivables with a face value of €1,798 thousand (€1,865 thousand in the same period of the prior year).

Asia Pacific

Net invested capital came to €719,323 thousand as at 31 March 2026, an increase of €37,837 thousand against the €681,486 thousand recorded as at 31 December 2025.

The increase in net invested capital is mainly attributable to the increase of non-current assets described above.

Factoring without recourse in the reporting period, through premier factoring companies, involved trade receivables with a face value of €10,039 thousand (€5,328 thousand in the same period of the prior year).

(*) Net financial indebtedness excluding lease liabilities/EBITDA for the leverage calculation is the ratio of net financial indebtedness, excluding lease liabilities and short-term investments not cash equivalents, to EBITDA for the last four quarters (determined with reference to usual, frequent or related to the operating performance operations only, based on pro forma figures in case of significant changes to the structure of the Group).

Net financial debt, excluding lease liabilities, amounted to €1,014,634 thousand at 31 March 2026, a decrease of €30,849 thousand compared to 31 December 2025. In the first three months of 2026, free cash flow reached a positive €17,770 thousand (€18,477 thousand at 31 March 2025) after absorbing net operating investments €20,987 thousand (€31,554 thousand in the comparison period). Net proceeds from business disposals of €14,383 thousand and cash-outs for acquisitions of €4,323 thousand (€40,972 thousand in the first three months of 2025), resulted in positive cash flow of €27,567 thousand versus negative €31,307 thousand in the first three months of 2025.

On March 16, 2026, on the occasion of the signing of the binding agreement for the acquisition of GN Hearing, Amplifon S.p.A. signed a term sheet for the acquisition facility amounting to €1,800 million. The expected duration of the acquisition facility is 18 months and 2 days from the date of the contract's signing, with the option to extend it for an additional 6 months.

As at 31 March 2026, the Group had cash and cash equivalents of €310 thousand compared to a total financial indebtedness of €1,324 million, net of lease liabilities.

Long-term debt, net of lease liabilities, amounts to €615,590 thousand as at 31 March 2026 (€987,968 thousand as at 31 December 2025), showing a decrease of €372,378 thousand compared to 31 December 2025 due to the reclass of the Eurobond expiring in February 2027 to short-term debt.

Short-term debt amounts to €708,599 thousand, an increase of €342,202 thousand compared to the €366,397 thousand recorded at 31 December 2025 mainly attributable to the reclass of the Eurobond to short-term. The short-term portion refers primarily to the short-term portion of long-term bank debt (€220,682 thousand), bank borrowings linked to hot money accounts and other short-term credit lines (€122,550 thousand), the interest payable on the Eurobond (€496 thousand) and other bank loans (€6,141 thousand), short-term lines included, as well as the best estimate of the deferred payments for acquisitions (€8,298 thousand).

The chart below shows the debt maturities compared to:

- the €310 million in cash and cash equivalents;
- the €480 million unutilized portions of irrevocable credit lines;
- the €150 million unutilized portion of the loan from the European Investment Bank supporting investments in innovation and digitalization.

It should be noted that the acquisition facility described above will be drawn down only upon the closing of the acquisition of GN Hearing, in connection with payment for the acquisition, and is therefore not included among the available credit lines in the chart below.

Debt Maturity & Cash Equivalents as at 03.31.2026

(EUR Millions)

* The negative amount includes the purchase price receivable resulting from the sale of Comfoor B.V., which is due in the third quarter of 2027.

Other available uncommitted credit lines amounted to €404 million, with an unutilized portion of €292 million as at 31 March 2026.

Interest payable on financial debt amounted to €9,855 thousand as at 31 March 2026 versus €9,771 thousand as at 31 March 2025.

Interest payable on leases recognized in accordance with IFRS 16 amounted to €5,135 thousand versus €5,155 thousand as at 31 March 2025.

Interest receivable on bank deposits came to €552 thousand as at 31 March 2026 versus €1,082 thousand as at 31 March 2025.

The reasons for the changes in net debt are described in the next section on the statement of cash flows.

CASH FLOW STATEMENT

The reclassified statement of cash flows shows the change in net financial indebtedness from the beginning to the end of the period. Pursuant to IAS 7, the consolidated financial statements include a statement of cash flows that shows the change in cash and cash equivalents from the beginning to the end of the period.

(**) This item refers to net cash flows received/used by disposals/acquisitions of business units and equity investments.

The change in net financial indebtedness of €27,567 thousand is mainly attributable to:

(i) Investing activities:

- €21,128 capital expenditure on property, plant and equipment and intangible assets of thousand relating to new *Front-Office* solutions in Spain and Belgium and the start of implementation activities in Australia, the optimization of in-store systems and tools supporting the Amplifon Product Experience and the Next protocol, the network expansion and the ongoing implementation, standardization and homogenization of the Group cloud based ERP system;
- net proceeds of €10,060 thousand from acquisitions (proceeds of €14,399 thousand and cash-outs of €4,339 thousand), including the impact of the acquired company's debt and the best estimate of the earn-out linked to sales and profitability targets payable over the next few years;
- net proceeds from the disposal of assets of €141 thousand.

(ii) Operating activities:

- interest payable on financial indebtedness, on leases in application of IFRS 16 and other net financial expenses of €14,020 thousand;
- payment of taxes amounting to €9,739 thousand;
- payment of principle on lease obligations of €34,302 thousand;
- cash flow generated by current operations of €96,819 thousand.

(iii) Net debt was also impacted by:

- exchange losses of €3,282 thousand;

ACQUISITION AND DISPOSAL OF COMPANIES AND BUSINESSES

On March 16th, 2026, Amplifon S.p.A. signed a definitive agreement with GN Store Nord A/S ("GN") for the acquisition of the entire Hearing business with a valuation of this business of approximately €2.3 billion on a cash and debt-free basis. At closing, under the terms of the agreement, GN will receive €1.7 billion in cash and 56 million Amplifon shares.

The funding of the cash component is fully committed by an acquisition facility in Euro, to be refinanced over the next 24 months with a mix of debt and equity and/or equity-linked instruments, with timing and amounts yet to be determined. The equity raise will be up to €0.75 billion.

GN Hearing, headquartered in Ballerup (Denmark), is the hearing business of GN. GN Hearing develops, manufactures and globally markets a comprehensive portfolio of advanced hearing aid solutions and related audiological services, mainly B2B. GN Hearing operates a multi-brand strategy to target different market segments and channels: ReSound (its flagship medical brand, recently featuring the successful AI-powered Vivia and Nexia platforms), Beltone (focused on the North American retail market), Interton & Danavox (brands targeted at specific regional or value-driven segments), Jabra (while part of GN's Audio division, the brand is also used for OTC (Over-the-Counter) hearing solutions and prescription hearing aids for the B2B segment), and Danalogic (a data-driven management consultancy for independent hearing care providers).

Technology leadership and a powerful, innovation-driven R&D engine sit at the core of GN Hearing's competitive advantage. As a global stand-alone manufacturer with fully integrated in-house electronics and assembly, the company combines deep engineering expertise with a diversified industrial footprint — spanning across four manufacturing facilities in Denmark, China, Malaysia, and a newly-opened state-of-the-art site in the US — consistently delivering new product introductions at a pace materially ahead of industry benchmarks.

In fiscal year ending December 31st, 2025, GN Hearing generated revenues of DKK 7.2 billion (c.€1 billion) and pro-forma carved-out adjusted EBITDA (reflecting the preliminary harmonization with Amplifon's accounting policies) of DKK 1.6 billion (c.€220 million), with margin on revenues of c.23%. GN Hearing has a globally diversified revenue base: Americas 49%, Europe 28%, and Rest of the World 23%.

In the last years, GN Hearing has consistently outperformed the broader market, gaining share. Specifically, in the last 3 years GN Hearing strongly accelerated revenue growth reporting an organic CAGR of 9% thanks to the launch of highly differentiated platforms.

The transaction brings together two global leaders — one specializing in the development, manufacture and B2B commercialization of cutting-edge hearing aids and the other in quality data-driven (B2C) clinical care and excellence — to offer a comprehensive portfolio of unparalleled solutions for customers, hearing care professionals and patients. The combination will support expansion across multiple channels, markets and geographies, enhance diversification and strengthen penetration in key markets, especially in the large and attractive U.S. market.

One-off costs for the integration are expected in the region of €80 million to be sustained in the next 2-3 years from closing.

The transaction is currently expected to close by the end of 2026 and is subject to the completion of the appropriate regulatory processes, customary antitrust approvals, as well as the completion of the carve-out of GN Hearing from the GN Group.

In addition, during the first three months of 2026, the Group carried out business disposals and acquisitions resulting in total net proceeds of €10,060 thousand (proceeds of €14,399 thousand and payments of €4,339 thousand), including the net financial position acquired and/or disposed of and the best estimate of the net change in earn-outs contingent upon the achievement of revenue and profitability targets to be paid in the coming years.

More in detail, in the first three months of 2026:

- in the United Kingdom, the subsidiary Amplifon United Kingdom Limited was sold;
- in the Netherlands, the stake in the joint venture Comfoor B.V. was sold;
- in Germany, 3 hearing centers were acquired;
- in the United States, 2 hearing centers were acquired.

OUTLOOK

In 2025, the Group implemented different initiatives and made significant investments with the aim to accelerate future growth and structurally improve profitability. The results achieved in the first quarter of 2026 reflect the strong early benefits in terms of both organic revenue growth, which accelerated progressively in the quarter, as well as profitability.

For 2026, the Group expects a gradual improvement in the global market, with growth in demand currently expected in the region of 3% compared to 2025.

In this context, assuming no further slowdowns in the global economic activity, due to - among others - the well-known macroeconomic and geopolitical situation, the Group expects to continue to outperform in its key individual markets, with a further increase of its market share, and a significant improvement in organic growth above 3% (that excludes the impact related to the termination of a managed care agreement in the US) compared to 2025.

Moreover, the Group expects a material increase in the adjusted EBITDA margin in the region of 100 basis points.

Lastly, the Group has initiated a full-force planning of the activities for the future integration of GN Hearing, with a view to guaranteeing full operational capacity of the new vertically integrated group from the day after closing. The closing of the acquisition announced on March 16th, 2026 is subject to customary conditions precedent, including the receipt of required regulatory approvals and the completion of the carve-out of GN Hearing from the GN Group. Until the closing, Amplifon and GN Hearing will remain two separate and independent entities.

In the medium term, the Group remains very confident and enthusiastic about its strong prospects for profitable growth, further strengthened by the transformation opportunities stemming from the future integration with GN Hearing.

NOTES

1. General Information

The Amplifon Group is global leader in the distribution of hearing solutions and the fitting of customized products.

The parent company Amplifon S.p.A. is based in Via Ripamonti 133, Milan, Italy. The Group is controlled directly by Ampliter S.r.l. (42.01% of share capital and 68.48% of voting rights), held by Amplifin S.r.l at 100%, which is owned at 88% by Susan Carol Holland.

The Condensed Interim Consolidated Financial Statements as at 31 March 2026 was prepared in accordance with International Accounting Standards, as well as with the implemented regulations set out in Article 9 of Legislative Decree no. 38 of 28 February 2005. These standards include the IAS and IFRS issued by the International Accounting Standard Board, as well as the SIC and IFRIC interpretations issued by the International Financial Reporting Interpretations Committee, which were endorsed in accordance with the procedure set out in Article 6 of Regulation (EC) no. 1606 of 19 July 2002 by 31 March 2026. The International Accounting Standards endorsed after that date and before the preparation of this report were adopted in the preparation of the condensed interim consolidated financial report only if early adoption is allowed by the Endorsing Regulation and the standard itself and if the Group had elected to do so.

The Condensed Interim Consolidated Financial Statements as at 31 March 2026 does not include all the additional information required by the annual financial statements and must be read together with the annual consolidated financial statements of the Group as at 31 December 2025.

The publication of the Condensed Consolidated Financial Statements of the Amplifon Group as at 31 March 2026 was authorized by a resolution of the Board of Directors of 5 May 2026 which approved their publication.

According to the Consob Communication of 28 July 2006, it is specified that during the first three months of 2026 the Group did not carry out atypical and/or unusual transactions, as defined by the Communication itself.

2. Impacts of military conflict in Middle East and Ukraine, trade tariffs, macroeconomic environment and climate change on the Group's performance and financial position

During the first quarter of 2026, the global macroeconomic and geopolitical environment continued to be characterized by a high level of volatility. Geopolitical tensions in the main crisis theatres, together with the persistent fragmentation of international trade policies, accentuated by Iran's total closure of the Strait of Hormuz, continued to pose a risk to economic stability and consumer confidence.

In fact, the geopolitical context of the Middle East remains extremely complex and delicate. Following the significant military escalation between the U.S., Israel and Iran, recorded by the end of February and March 2026, the total lockdown of the Strait of Hormuz to commercial traffic was ordered. Despite a temporary ceasefire, announced at the beginning of April 2026, and numerous attempts through continuous diplomatic negotiations, it is not possible to predict precise timelines for the full reopening of the Strait, and the situation continues to represent a risk factor for regional stability and energy markets globally. However, the Group's exposure in the area remains very limited: there are 24 hearing centers operating in Israel, which together generate less than 1% of annual consolidated revenue; activities in neighboring countries, such as Egypt, are marginal; furthermore, the Group has no direct or indirect activities in Lebanon or Iran.

The conflict between Russia and Ukraine remains highly unstable and, during the first quarter of 2026, negotiations for a peace plan continued to alternate between phases of diplomatic stalemate and new economic sanctions imposed by Western countries. The Group confirms that it has no exposure, either direct or indirect, in Ukraine, Russia or Belarus.

The evolution of U.S. trade policies, including tariffs and national security initiatives, remains closely monitored. Regarding the investigation initiated in September 2025 pursuant to "Section 232" across several product categories, including medical devices, in the first quarter of 2026 no final developments have emerged; the outcome of this investigation, which must be concluded within 270 days from its initiation, may justify the adoption of trade measures potentially affecting the Group's suppliers. However, the Group can rely on solid mitigation levers: significant negotiating power, diversification of sourcing, relative flexibility of suppliers in managing production logistics and, not least, the Group's geographical diversification.

During the period, the Group maintained close monitoring of developments in the macroeconomic environment, with particular focus on inflation and interest rate trends, as well as the growing instability of the geopolitical context.

As a result of the above, the level of interest rates remains high and the outlook for economic growth is affected by a context of persistent uncertainty, with potential consequences on demand and patient confidence. Although the hearing aid market has historically demonstrated resilience even during periods of economic crisis, given the essential and non-discretionary nature of hearing care, as well as the existence of reimbursement and financing systems supporting access to hearing services and devices, the persistence of uncertainty and volatility in the macroeconomic and geopolitical environment has generally affected patient confidence, in some cases leading to a postponement of purchases of devices that remain necessary in the medium term.

With reference to climate change, the Group has continued to pursue the implementation of its climate strategy, validated by the Science Based Targets initiative (SBTi), aimed at reducing greenhouse gas emissions and contributing to the achievement of the objectives of the 2015 Paris Agreement.

3. Acquisitions and goodwill

During the first three months of 2026, the Group acquired 5 hearing centers (three in Germany and two in the United States) for a total investment of €4,339 thousand, including the indebtedness consolidated and the best estimate of the net change in the earn-out linked to sales and profitability targets payable over the next few years.

The changes in goodwill and amounts recognized as a result of the acquisitions made in the period are reported in the table below and shown by groups of Cash Generating Units.

(€ thousands)	Net carrying value at 12/31/2025	Business combinations	Disposals	Impairment	Other net changes	Net carrying value at 03/31/2026
EMEA	1,059,123	3,241	-	-	143	1,062,507
AMERICAS	293,920	458	-	-	6,956	301,334
APAC	574,172	-	-	-	29,585	603,757
Total	1,927,215	3,699	-	-	36,684	1,967,598

“Business combinations” refers to the temporary allocation to goodwill of the portion of the purchase price paid, including deferrals and contingent consideration (earn-outs), which is not directly attributable to the fair value of assets and liabilities, but is based on the positive contribution to cash flows that is expected to be made for an indefinite period of time. “Other net changes” refers almost entirely to foreign exchange differences.

Identification of the Groups of Cash Generating Units

For the purpose of determining Cash Generating Units, consideration was given to the fact that the Group’s management structure is organised into three Regions (“EMEA”, “Americas” and “Asia Pacific”), which are homogeneous in terms of business models and represent both the level at which results are monitored by Group Management and the operating segments for which disclosures are provided in accordance with IFRS 8. Budget guidelines are defined centrally at regional level, and the Regional Executive Vice Presidents are autonomous in allocating resources to their respective countries (which, under the Group’s business model, act exclusively as distributors) and in managing their operations. Accordingly, total goodwill arising from the allocation of the consideration paid for business combinations is allocated and monitored by Group Management at the level of Groups of Cash Generating Units, which coincide with the Regions. This reflects the fact that the independence of cash flows is ensured exclusively at this level, whereas it is not guaranteed at the level of individual countries (individual CGUs).

The classification of operations into cash-generating units and the criteria used to identify them remain unchanged from the financial statements as of December 31, 2025.

The groups of cash generating units identified for the purpose of impairment testing in the period are:

- EMEA that includes Italy, France, the Netherlands, Germany, Belgium, Switzerland, Spain, Portugal, Hungary, Poland, Israel and Egypt;
- AMERICAS which includes the individual businesses through which it operates in the US market (Franchising, Retail, and Managed Care) and the countries Canada, Argentina, Chile, Mexico, Panama, Ecuador, Colombia and Uruguay;
- ASIA PACIFIC which includes Australia, New Zealand, India and China.

The recoverable value of goodwill is determined based on the value in use or, if the latter is less than book value, on fair value. No impairment loss was identified as a result of the impairment tests conducted on 31 December 2025.

The Group tests for impairment of goodwill once a year and in the event of any impairment indicators.

In the first three months of 2026 the Group recorded a solid overall performance mainly supported by positive organic growth in all geographies. In particular, the Americas and APAC region recorded a solid organic growth well-above the market and well balanced across the various segments and markets, while organic performance in the EMEA region, although positive and showing gradual improvement during the quarter, was still affected by market environment weakness. Profitability was on the rise, reaching a record first quarter level. Both revenues and profitability were slightly below the Group-wide budget due to EMEA. The AMERICAS area is aligned in terms of revenues but growing in terms of profitability, and the APAC area has achieved results above budget expectations both in terms of revenues and profitability.

To evaluate the maintenance of the headroom identified as at 31 December 2025, impairment tests were re-performed on the Groups of Cash Generating Units, using parameters updated as at 31 March 2026. Specifically, the discount rate (WACC) and the growth rate were updated based on the most recent information available and applied to the same business plan used as at 31 December 2025. With reference to the EMEA Group of Cash Generating Units, in order to verify that the performance lower than the budget did not compromise the headroom determined at the end of 2025, the re-performance of the impairment test incorporated a prudent adjustment to cash flows, reducing them by a percentage consistent with the negative deviation from the budget recorded as of 31 March 2026. With reference to AMERICAS and APAC Groups of Cash Generating Units, which reported to be in line with or above budget, no adjustments were made to cash flows

Based on what above mentioned, it was determined that there were no indicators of impairment as at 31 March 2026 and no specific impairment test was performed. For the purposes of measuring the recoverable value of goodwill reference should be made to the impairment tests reported in the Annual Report 2025.

A summary of the book value and the fair value of assets and liabilities, deriving from the temporary allocation of the purchase price made as a result of business combinations and the purchase of minority interests in subsidiaries, is provided in the following table.

The investments in intangible assets (€12,124 thousand) are related to investments in digitalization and information technology. The constant focus on the customer and the goal to increase control of operations fueled the significant work done on both technological infrastructures through the Symphony project, focused on providing customers with a highly personalized experience, as well as on the optimization of in-store systems and tools to support the Amplifon Product Experience, which has redefined Amplifon's entire customer journey, including through clinic renovation. At the same time substantial work was also done on operating and back-office processes, with significant focus on procurement systems and centralizing Group procurement.

The change in “Business combinations” comprises:

- For €925 thousand, the temporary allocation of the price paid for acquisitions made in EMEA;
- For €849 thousand the temporary allocation of the price paid for acquisitions made in Americas.

The item “Write – up/(impairment)” includes the € 56 thousand of net income for write-ups and impairment losses on customer files and other intangible assets, following the closure of under-performing clinics in the context of the Fit4Growth program.

The item "Other net changes" is explained almost entirely by foreign exchange differences and the reclassification of work in progress completed in the period.

The investments of the reporting period (€9,287 thousand) refer primarily to the opening of new clinics and renewal of existing ones, as well as to the purchase of hardware needed for the implementation of Group Information Technology projects previously described.

The change in “Business combinations” comprises:

- For €16 thousand, the temporary allocation of the price paid for acquisitions made in EMEA;
- For €90 thousand the temporary allocation of the price paid for acquisitions made in Americas.

The item “Write – up/(impairment)” includes mainly, for €204 thousand of net gains for the impairment and write – up of buildings, construction and leasehold improvements, computers and office machinery, furniture and fittings, following the closure of a first group of low performing clinics, as part of the Fit4Growth program.

“Other net changes” is explained primarily by foreign exchange differences recorded in the reporting period and the reclassification of work in progress completed in the period.

6. Right-of-use assets

Right-of-use assets are reported here below:

Total	462,038	36,610	(5,768)	(34,502)	271	201	2,249	461,099

The increase in right of use assets (€36,610 thousand) acquired in the period is explained by the renewal of existing leases and the network expansion.

The change in “Business combinations” comprises for €271 thousand the temporary allocation of the price paid for acquisitions made in EMEA.

The item “Write – up/(impairment)” relates entirely to net income for the impairment and write - up of right-of-use assets of low-performing clinics that were closed as part of the Fit4Growth program.

“Other changes” refers mainly to foreign exchange differences recorded in the reporting period.

7. Other non-current assets

“Other non-current assets” amounted to €39,191 thousand on 31 March 2026 (€37,365 thousand on 31 December 2025).

The long-term financial receivables refer largely to the loans granted to Miracle Ear franchisees in the United States to support growth.

Both long-term financial receivables and other non-current assets are held until the contractual cash flows are received and discounted when the interest rate applied to the latter differs from the market rate.

The item “Medium/long-term receivables for disposal” relates entirely to receivables arising from the disposal of the investment in the joint venture Comfloor B.V., occurred in March 2026.

8. Share capital and treasury shares

As at 31 March 2026, the share capital comprised 226,388,620 ordinary shares with a par value of €0.02 fully subscribed and paid in, unchanged with respect to 31 December 2025.

During the first three months of 2026, no shares were purchased and 7,529 shares transferred following the exercise of performance stock grants.

As at 31 March 2026, a total of 6,443,609 treasury shares, equal to 2.846% of the Company’s share capital, was held.

Information on the treasury shares held is provided in the following table.

On March 16, 2026, on the occasion of the signing of the binding agreement for the acquisition of GN Hearing, Amplifon S.p.A. signed a term sheet of the acquisition facility amounting to €1,800 million. The expected duration of the acquisition facility is 18 months and 2 days from the date of the contract's signing, with the option to extend it for an additional 6 months.

Long-term debt, net of lease liabilities, amounts to €615,590 thousand as at 31 March 2026 (€987,968 thousand as at 31 December 2025), showing a decrease of €372,378 thousand compared to 2025 following the reclass to short term of the Eurobond.

Short-term debt, excluding lease liabilities, increased by €342,202 thousand, going from €366,397 thousand at 31 December 2025 to €708,599 thousand at 31 March 2026.

More in detail, short-term debt mainly comprises the Eurobond (€350,000 thousand), the current portion of long-term bank loans (€220,682 thousand), bank borrowings relating to hot money accounts and other short-term lines (€122,550 thousand), accrued interest on the Eurobond (€496 thousand) and on other bank loans (€6,141 thousand) as well as the best estimate of deferred payments for acquisitions (€8,298 thousand).

The Group has €480 million in unutilized irrevocable credit lines which, along with the unutilized portion of the loan signed with the European Investment Bank amounting to €150 million, €292 million in other available uncommitted credit lines. It should be noted that the Group's financial position does not include the impact of the acquisition facility related to the acquisition of GN Hearing.

Bank loans and the Eurobond 2020-2027 are shown in the statement of financial position as follows:

a. under the item “medium/long-term financial liabilities”:

(€ thousands)	Balance at 03/31/2026

Total Short-term provision for risks and charges	9,178	7,459	1,719
Total provision for risks and charges	23,419	21,970	1,449

12. Lease liabilities

The lease liabilities stem from long-term leases and rental agreements. These liabilities are equal to the present value of future instalments payable over the lease term.

The finance lease liabilities are shown in the statement of financial position as follows:

(€ thousands)	Balance at 03/31/2026	Balance at 12/31/2025	Change
Short term lease liabilities	126,920	122,007	4,913
Long term lease liabilities	359,557	364,309	(4,752)
Total lease liabilities	486,477	486,316	161

During the reporting period, the following costs have been booked in profit and loss.

(€ thousands)	First three months 2026
Interest charges on leased assets	(5,135)
Right-of-use depreciation	(34,502)
Costs for short-term leases and leases for low value assets	(4,942)

13. Revenues from sales and services

(€ thousands)	First three months 2026	First three months 2025	Change
Revenues from sale of products	500,772	508,118	(7,346)
Revenues from services	78,992	79,672	(680)
Total revenues from sales and services	579,764	587,790	(8,026)
Goods and services provided at a point in time	500,772	508,118	(7,346)
Goods and services provided over time	78,992	79,672	(680)
Total revenues from sales and services	579,764	587,790	(8,026)

Consolidated revenues from sales and services amounted to €579,764 thousand in the first three months of 2026, decreasing (-1.4%) with the compared period.

14. Operating costs, depreciation and impairment, financial income-expenses and taxes

Operating costs amounted to €449,579 thousand in the first three months of 2026 (€449,771 thousand in the first three months of 2025), a decrease of €191 thousand against the comparison period.

In the first three months of 2026, operating costs comprises €9,862 thousand of unusual, infrequent or unrelated elements (income or expenses) or not related to the operating performance of the Group, mainly attributable to the following areas:

- €6,193 thousand related transaction and integration costs for the acquisition of GN Hearing;
- €2,083 thousand related to employee termination incentives under the *Fit4Growth* program;
- €1,394 thousand related to consultancies and other costs under the *Fit4Growth* program;

“Amortization, depreciation and impairment” amounted to €75,392 thousand as at 31 March 2026, with a decrease of €79,355 thousand against the comparison period.

“Financial income, expenses and value adjustments to financial assets” came to €33,285 thousand in the first three months of 2026 (€14,707 thousand in the first three months of 2025).

Total financial expenses were €18,578 thousand higher than in 2025, due mainly to the reclassification in profit & loss of the total negative exchange differences relative to the foreign operations in the United Kingdom, included in net equity and accounted for €19,029, which were recognized upon the definitive sale of the stake in Amplifon United Kingdom Limited at the beginning of March 2026. Net of this impact, net financial expenses were substantially aligned with the comparison period.

Current and deferred tax amounted to €12,646 thousand in the first three months of 2026, compared to €13,798 thousand in the first three months of 2025. The tax rate was 54.5% versus 29.5% with the comparison period, due mainly to the strong effect of the reclassification in profit & loss, without tax effect, of the total negative exchange differences relative to the foreign operations in the United Kingdom included in net equity which were recognized upon the definitive sale of the stake in Amplifon United Kingdom Limited at the beginning of March 2026.

15. Earnings (losses) per share

Earnings (losses) per share

Basic earnings (losses) per share is obtained by dividing the net profit for the year attributable to the ordinary shareholders of the parent company by the weighted average number of shares outstanding in the period, considering purchases and disposals of own shares as cancellations and issues of shares.

Earnings per share are determined as follows:

Earnings per share	First three months 2026	First three months 2025
Net profit (loss) attributable to ordinary shareholders (€ thousand)	10,521	32,885
Average number of shares outstanding in the period	219,938,570	225,247,527
Average number per share (€ per share)	0.04784	0.14599

Diluted earnings (losses) per share

Diluted earnings (losses) per share is obtained by dividing the net profit for the period attributable to the ordinary shareholders of the parent by the weighted average number of shares outstanding during the year adjusted by the diluting effects of potential shares. In the calculation of shares outstanding, purchases and sales of treasury shares are considered as cancellation or issue of shares.

The potential ordinary share categories stems exclusively from the Group's treasury shares.

Weighted average diluted number of shares outstanding	First three months 2026	First three months 2025
Average number of shares outstanding in the period	219,938,570	225,247,527

The trade and other receivables refer primarily to the trade receivables due by associates who act as resellers and to which the Group supplies hearing aids and other related products.

The lease for the Milan headquarters (leased to Amplifon S.p.A. by the parent company Amplifin S.r.l.) is recognized under right-of-use depreciation for per €464 thousand, interest on leases for €82 thousand, lease liabilities of €8,029 thousand, and *right-of-use asset* of €6,965 thousand.

17. Contingent liabilities

Currently the Group is not exposed to any particular risks, uncertainties or legal disputes in excess of the provisions already made in the financial statements, shown in Note 11 “Provision for risk and charges”. The usual tax audits are currently underway, and no findings of note have been reported so far and the Group is, at any rate, confident in the adequacy of the measures implemented.

18. Financial risk management

As this condensed consolidated interim financial report does not include all the additional information that is mandatorily included in the Annual Report relating to the management of financial risk, for a detailed analysis of financial risk management reference should be made to the Group’s 2025 Annual Report.

20. Segment Reporting

In accordance with IFRS 8 “Operating Segments”, the schedules related to each operating segment are shown below.

The Amplifon Group’s business (distribution and customization of hearing solutions) is organized into three specific geographical areas which comprise the Group’s operating segments: Europe, Middle-East and Africa - EMEA - (Italy, France, The Netherlands, Germany, Spain, Portugal, Switzerland, Belgium, Hungary, Egypt, Poland, and Israel), Americas (USA, Canada, Chile, Argentina, Ecuador, Colombia, Panama, Mexico and Uruguay) and Asia-Pacific (Australia, New Zealand, India, and China).

The Group also operates via centralized Corporate functions (Corporate bodies, general management, business development, procurement, treasury, legal affairs, human resources, IT systems, global marketing and internal audit) which do not qualify as operating segments under IFRS 8.

These areas of responsibility, which coincide with the geographical areas (the Corporate functions are recognized under EMEA), represent the organizational structure used by management to run the Group’s operations. The reports periodically analyzed by the Chief Executive Officer and Top Management are divided up accordingly, by geographical area.

Performances are monitored and measured for each operating segment/geographical area, through operating profit including amortization and depreciation (EBIT), along with the portion of the results of equity investments in associated companies valued by using the equity method. Financial expenses are not monitored insofar as they are based on corporate decisions regarding the financing of each region (own funds versus borrowings) and, consequently, neither are taxes. Items in the statement of financial position are analyzed by the geographical area without being separated from the Corporate functions which remain part of EMEA. All the information relating to the income statement and the statement of financial position is determined using the same criteria and accounting standards used to prepare the consolidated financial statements.

21. Accounting policies

Presentation of the financial statements

The Interim Consolidated Financial Statements as at March 31, 2026 were prepared in accordance with the historical cost method with the exception of derivatives, a few financial investments measured at fair value and assets and liabilities hedged against changes in fair value, as explained in more detail in this report, as well as on a going concern basis.

With regard to the financial statements, the following is specified:

- in the statement of financial position, the Group distinguishes between non-current and current assets and liabilities;
- in the income statement, the Group classifies costs by nature insofar as this is deemed to more accurately represent the primarily commercial and distribution activities carried out by the Group;
- comprehensive income statement: in addition to the net result for the year, it includes the effects of changes in exchange rates, the cash flow hedge reserve, the foreign currency basis spread reserve on derivative instruments and the actuarial gains and losses that have been recognized directly in changes in shareholders' equity, these items are divided according to whether or not they can be subsequently reclassified to the income statement;
- statement of changes in net equity: the Group reports all the changes in net equity, including those deriving from shareholder transactions (payment of dividends and capital increases);
- statement of cash flows: is prepared using the indirect method to determine cash flow from operations.

Use of estimates in preparing the financial statements

The preparation of the financial statements and explanatory notes requires the use of estimates and assumptions particularly with regard to the following items:

- revenues for services rendered over time recognized based on the effort or the input expended to satisfy the performance obligation;
- allowances for impairment made based on the asset's estimated realizable value;
- provisions for risks and charges made based on a reasonable estimate of the amount of the potential liability, including with regard to any counterparty claims;
- provisions for obsolete inventories in order to align the carrying value of inventories with the estimated realizable value;
- provisions for employee benefits, calculated based on actuarial valuations;
- amortization and depreciation of intangible assets and tangible fixed assets recognized based on the estimated remaining useful life and the recoverable amount;
- income tax recognized based on the best estimate of the tax rate for the full year;
- IRS and currency swaps (instruments not traded on regulated markets), marked to market at the reporting date based on the yield curve and market exchange rates, which are subject to credit/debit valuation adjustments based on market prices;

- the lease term duration was determined on a lease-by-lease basis and is comprised of the “non-cancellable” period along with the impact of any extension or early termination clauses if exercise of that clause is reasonably certain. This property valuation took into account circumstances and facts specific to each asset;
- discount rate of leases falling within the scope of IFRS 16 (incremental borrowing rate) determined based on the IRS (reference interbank rate used as an index for fixed-rate mortgage loans) in the individual countries in which Amplifon Group companies operate, for maturities commensurate with the duration of the specific rental contract, plus the Parent Company’s credit spread and any costs for additional guarantees. In the rare instances when the IRS rate is not available (Egypt, Ecuador, Mexico and Panama), the risk-free rate was determined based on government bonds with maturities similar to the duration of the specific rental contract.

Estimates and assumptions are periodically reviewed, and any changes made, following the change of the circumstances or the availability of better information, are recognized in the income statement. The use of reasonable estimates is essential to the preparation of the financial statements and does not affect their overall reliability.

The Group verifies the existence of a loss in value of goodwill regularly once a year or in the event of impairment indicators.

The impairment test is conducted for the groups of cash generating units to which the goodwill refers and based on which the Group values, directly or indirectly, the return on the investment that includes the goodwill.

IFRS/interpretations approved by the IASB, endorsed in Europe

The following table lists the IFRS/interpretations approved by the IASB, endorsed in Europe and applied for the first time this year.

Description	Endorsement date	Publication in the G.U.C.E.	Effective date	Effective date for Amplifon
Amendments to IAS 21 “ <i>The Effects of Changes in Foreign Exchange Rates: Lack of Exchangeability</i> ” (issued on 15 august 2023)	12 Nov ‘24	13 Nov ‘24	1 Jan ‘25	1 Jan ‘25
<i>Annual improvements volume 11</i> (issued on 18 July 2024)	9 Jul ‘25	10 Jul ‘25	1 Jan ‘26	1 Jan ‘26
Amendments to IFRS 9 and IFRS 7 “ <i>Contracts Referencing Nature-dependent Electricity</i> ” (issued on 18 December 2024)	30 Jun ‘25	1 Jul ‘25	1 Jan ‘26	1 Jan ‘26
Amendments to IFRS 9 and IFRS 7 “ <i>Classification and Measurement of Financial Instruments</i> ” (issued on 30 May 2024)	27 May ‘25	28 May ‘25	1 Jan ‘26	1 Jan ‘26

The amendments to IAS 21 proposed by IASB provide clarification as to exchange whether a currency is exchangeable and which exchange rate to be used if it is not.

The document *Annual improvement. Volume 11* lists improvements limited to changes that either clarify the wording in an IFRS Accounting Standard, or correct relatively minor unintended consequences, oversights or conflicts between requirements of the Accounting Standards. In particular, the amendments relate to IFRS1, IFRS7, IFRS9, IFRS10 and IAS7.

The objective of the Amendments to IFRS 9 and IFRS 7 *Contract Referencing Nature-dependent Electricity* is to better reflect the effects of physical and virtual nature-dependent electricity contracts in the financial statements through narrow-scope amendments to the own-use, hedge accounting and disclosure requirements.

The adoption of the standards and interpretations described above did not have a material impact on the measurement of the Group's assets, liabilities, costs, and revenues.

Future accounting standards and interpretations

Future IFRS standards/interpretations approved by IASB, endorsed in Europe

The following table shows the future IFRS standards interpretation approved by us and endorsed in Europe.

Description	Endorsement date	Publication in the G.U.C.E.	Effective date	Effective date for Amplifon
IFRS 18 Presentation and Disclosure in Financial Statements (issued on 9 April 2024)	13 Feb '26	16 Feb '26	1 Jan '27	1 Jan '27

IFRS 18 "Presentation and Disclosure in Financial Statements" will replace IAS 1 and provides more detailed requirements regarding the structure of financial statements, with particular reference to the statement of profit or loss, where minimum mandatory subtotals are introduced. It also establishes new disclosure requirements relating to "Management Defined Performance Measures (MPMs)" and provides guidance on the aggregation of information in the financial statements and in the notes.

With the exception of IFRS 18, the adoption of the above-mentioned standards and interpretations is not expected to have a material impact on the measurement of the Group's assets, liabilities, expenses and revenues.

With reference to IFRS 18, the Group has initiated an assessment program to analyse the implications in terms of presentation of the financial statements, aggregation and disaggregation of line items, and disclosure requirements relating to MPMs, as well as a possible implementation/adaptation phase of administrative processes and the accounting system, where necessary.

IFRS standards/interpretations approved by IASB, but not endorsed in Europe

The following are the international accounting standards, interpretations, amendments to existing accounting standards and interpretations, or specific provisions contained in the standards and interpretations approved by the IASB which, at 31 March 2026, have yet to be endorsed for adoption in Europe.

Description	Effective date
IFRS 19 Subsidiaries without Public Accountability	Periods beginning on or after 1 Jan '27
Amendments to IFRS 19 <i>Subsidiaries without Public Accountability: Disclosures</i> (issued on 21 August 2025)	Periods beginning on or after 1 Jan '27
Amendments to IAS 21 <i>"The Effects of Changes in Foreign Exchange Rates: Translation to a Hyperinflationary Presentation Currency"</i> (issued on 13 November 2025)	Periods beginning on or after 1 Jan '27

IFRS 19 "Subsidiaries without Public Accountability" introduces reduced disclosure requirements for the financial statements of subsidiaries that are not required to present publicly available IFRS financial statements. The amendment issued on 21 August supplements the standard based on regulatory developments endorsed after its initial publication.

The amendments to IAS 21 "The Effects of Changes in Foreign Exchange Rates: Translation to a Hyperinflationary Presentation Currency" define a specific method for translating into a hyperinflationary presentation currency the financial statements of entities whose functional currency is not hyperinflationary.

22. Subsequent events

As of the date of approval of the present Interim Financial Report as at March 31, 2026, no events have occurred after the end of the period that have a significant impact such as to require changes or additions to the information contained herein.
