GROUP OPERATING PERFORMANCE REVIEW

During the first three months of 2026, GVS recorded **consolidated revenues of Euro 105 million, up 3.9%** year-on-year at constant exchange rates and down 2.1% at current exchange rates.

The **Healthcare & Life Sciences division**, which accounted for 68.7% of total revenues, generated revenues of Euro 72.1 million, up 3.5% at constant exchange rates (-1.8% at current exchange rates) compared to the same period of the previous year, with all three sub-divisions reporting revenue growth at constant exchange rates: MedTech +2.0% (-1.9% at current exchange rates), Transfusion Medicine +7.9% (-1.3%), Life Sciences +6.2% (-1.5%).

The **Energy & Mobility division**, representing 13.0% of total revenues, reported a 0.5% decline in revenues at constant exchange rates (-7.1% at current exchange rates) compared to the same period of the previous year, with sales of Euro 13.6 million and signs of stabilization compared to the performance recorded in recent years.

The **Safety division**, accounted for 18.4% of total revenues and reached Euro 19.3 million, up 8.6% at constant exchange rates (+0.5% at current exchange rates) compared to the same period of the previous year.

Adjusted EBITDA increased by 0.3% compared to the first three months of 2025, with a revenue margin of 24.6%, improving versus the 24.1% margin recorded in the first three months of 2025. The result for the period was supported by the contribution of the actions implemented by the Group aimed at restoring profitability.

Adjusted EBIT amounted to Euro 17.2 million, down 8.1% compared to the same period of the previous year (Euro 18.8 million) due to higher depreciation and amortization related to property, plant and equipment and right-of-use assets, with a revenue margin of 16.4%, compared to 17.5% recorded in 2025.

Adjusted net financial expenses, excluding foreign exchange gains of Euro 4.4 million in the first three months of 2026 and foreign exchange losses of Euro 8.3 million in the corresponding period of 2025, decreased during the period under review, from Euro 2.8 million for the period ended March 31, 2025 to Euro 2.7 million for the period ended March 31, 2026, mainly due to the reduction in contractually agreed interest rates.

Adjusted net profit, excluding foreign exchange gains and losses and the related tax impact, amounted to Euro 10.7 million, with a margin on revenue of 10.2%.

Net financial debt as of March 31, 2026 amounted to Euro 249.8 million. The increase in net financial debt compared to December 31, 2025, amounting overall to Euro 9.7 million, was mainly due to cash absorbed by changes in working capital of Euro 21.3 million, which, together with cash used for net investments in tangible and intangible assets during the period (equal to Euro 7.1 million), net financial expenses (Euro 2.8 million), tax payments (Euro 3.8 million), payments related to employee benefit provisions (Euro 1.1 million) and the signing/renewal of lease contracts (Euro 1.2 million), exceeded the cash generated from current operations, amounting to Euro 27 million.

EVENTS AFTER THE REPORTING PERIOD

On April 13, 2026, the Company announced its decision to launch a voluntary partial tender offer on its own shares. The transaction concerns up to 23,255,813 treasury shares, representing approximately 12.29% of the share capital, and is addressed equally to all shareholders, excluding the 1,717,199 treasury shares already held as of April 13, 2026 (0.91% of the share capital). GVS will pay a consideration of Euro 4.30 for each share tendered. The price incorporates a premium of 11.67% over the weighted average price of Euro 3.85 as of April 10, 2026. The offer is not subject to a minimum acceptance threshold; in the event that requests exceed the maximum number of shares subject to the offer, shares will be allocated on a pro-rata basis among all tendering shareholders.

The transaction aims to improve the Company's capital structure in terms of efficiency and flexibility and to create a treasury share portfolio to be used in transactions related to the Company's ordinary business activities or projects consistent with the strategic guidelines the Company intends to pursue, including extraordinary finance transactions, also involving the exchange or disposal of equity investments through swap transactions, contributions or other acts of disposal and/or use with third parties, including servicing convertible bonds into Company shares or bonds with warrants, or other uses deemed of financial, managerial and strategic interest for the Company. Treasury shares potentially purchased under the Offer may also be used to service compensation plans based on financial instruments pursuant to Article 114-bis of the Italian Consolidated Financial Act (TUF) in favor of directors, employees or collaborators of the Company and/or its subsidiaries, as well as free share allocation programs for the Company's shareholders.

The transaction is not aimed at delisting the shares. The main shareholder, GVS Group srl, has announced its intention not to tender shares into the offer. The Offer is not aimed at cancelling treasury shares, although the extraordinary shareholders' meeting of the Company may in the future resolve to cancel treasury shares potentially held in the Company's portfolio.

With a view to optimizing and improving the efficiency of its financial structure, GVS intends to meet the financial commitments necessary to pay the consideration to shareholders tendering into the voluntary partial tender offer through a new financing facility.

BUSINESS OUTLOOK

During fiscal year 2026, the GVS will continue along its path of continuous improvement in economic and financial performance, focusing on the implementation of the following strategic actions already communicated upon approval of the 2025 annual results:

- **MedTech:** creation of new sub-divisions to strengthen commercial focus on higher-growth segments and maximize M&A synergies;
- **Transfusion Medicine:** following the completion of the full integration of the Whole Blood business, focus is now on sales growth and new product development;
- **Life Sciences:** revenue growth supported by validations with pharmaceutical customers and new distribution agreements;
- **Safety:** consolidation of business expansion, supported by the gradual ramp-up of new products across all geographies;

- **Mobility:** revenue stabilization, continuing the growth of solutions linked to electric and hybrid vehicles and recovering volumes in agricultural machinery applications.

With reference to recent developments in the international geopolitical environment and the continuation of the conflict in the Middle East, the Group notes that it continues to monitor the current situation on a daily basis in order to assess potential future effects, particularly in terms of strengthening inflationary dynamics in raw material procurement markets and energy costs, with the aim of promptly adopting appropriate measures to preserve the Group's profitability.

Following the results achieved in the first three months and based on the current visibility on the effects of the geopolitical environment described above, the Company confirms the guidance for fiscal year 2026 results communicated upon approval of the 2025 financial statements, namely:

- low single-digit consolidated revenue growth at constant FX vs. FY 2025, with progressive acceleration over the course of the year;
- adjusted EBITDA margin expansion of 20–50 basis points vs. FY 2025;
- leverage ratio of approximately 1.8x as of December 31, 2026, excluding the impact of the voluntary partial tender offer on its own shares announced by the Company on April 13, 2026.

DECLARATION PURSUANT TO ARTICLE 154-BIS, PARAGRAPH 2, T.U.F.
