PRESS RELEASE

OUTCOME OF THE 2026 SREP ASSESSMENT PROCESS BPER BANCA'S STRONG CAPITAL POSITION CONFIRMED

Modena – 21 October 2026. BPER Banca announces that, in relation to the annual Supervisory Review and Evaluation Process ("SREP"), it has received notification of the European Central Bank ("ECB")'s new decision concerning the prudential requirements to be met on a consolidated basis under art. 16 of Regulation (EU) 1024/2013.

Based on the outcome of the SREP assessment, the ECB has established that, with effect from 1 January 2027, BPER will have to maintain a minimum consolidated capital ratio in terms of Common Equity Tier 1 ratio ("CET1 ratio") of 9.60%, consisting of the sum of the minimum regulatory Pillar 1 requirement of 4.5%, the additional Pillar 2 requirement of 1.35%¹ and the Combined Buffer Requirement of 3.75%², while the minimum Total Own Funds Requirement ("Total Capital Ratio") shall be 14.15%.

BPER's pro-forma consolidated capital ratios³ as at 30 June 2026 are as follows:

- Common Equity Tier 1 (CET1) ratio: 14.95%.
- Total Capital Ratio: 20.08%.

The above ratios are significantly in excess of the minimum capital requirements set by the ECB.

BPER Banca S.p.A.

investor.relations@bper.it	governance.marketabuse@bper.it	mediarelations@bper.it www.bper.it - https://group.bper.it/

¹ The additional Pillar 2 requirement communicated by the ECB to BPER shall be 2.40%, to be held in the form of 56.25% of CET1 capital and 75% of Tier 1 capital, as a minimum.

² The Combined Buffer Requirement is made up of the Capital Conservation Buffer (2.50%), the O-SII Buffer (0.50%), the Countercyclical Capital Buffer (0.06% as at 30/6/2026) and the Systemic Risk Buffer (0.70% as at 30/6/2026).

³ The pro-forma capital ratios were calculated by including profit for the period for the portion not allocated to dividends, thus simulating, in advance, the effects of the ECB's authorisation to include these profits in Own Funds pursuant to art. 26, para. 2 of the CRR.
